Volume V Student Life Policies

5.0 Introduction

Volume V of the *Voorhees College Policy Manual* provides information about aspects of college life to students and the College community, including information about support services and organizations of the Student Government Association. For more detailed information on academic regulations, course fees, etc., please consult Volume VI of the *Voorhees College Policy Manual*, as well as the *Voorhees College Catalog*.

Voorhees College has made this edition of Volume V of the *Voorhees College Policy Manual* as comprehensive as possible; however, it is not possible to foresee every situation that may occur. Accordingly, the content of Volume V of the *Voorhees College Policy Manual* is subject to change from time to time as deemed appropriate by Voorhees College in order to fulfill its role and mission. Any such changes may be implemented without prior notice or obligation, and, unless specified otherwise, are effective immediately. Every effort will be made to minimize the inconvenience such changes might create for students.

This Volume V of the *Voorhees College Policy Manual* is intended for informational purposes and does not expressly or implied, create any contractual rights between the College and any student. Circumstances not specifically addressed in any of the volumes of the *Voorhees College Policy Manual* will be handled on a case-by-case basis. Any questions regarding the information contained in this Volume V shall be referred to the Vice President for Student Affairs' Office.

5.1 Student Commitment Statement

Voorhees College, as a private church-affiliated institution, earnestly seeks to establish a campus environment where the living and learning experiences exert a positive influence in the lives of our students – physically, mentally, socially, and spiritually. Voorhees College believes that your familiarity with and observance of our *Student Code of Conduct*/community values are truly necessary. To achieve this goal, Volume V of the *Voorhees College Policy Manual* is provided to you to assist you in adapting to our Voorhees College family. You are encouraged and required to read the values section carefully; it will greatly facilitate your success as a student at Voorhees. Among the many issues covered in Volume V of the *Voorhees College Policy Manual*, four are very important to the College community and deserve special mention.

First, advancing the personal well being of each student and promoting responsible action are important goals of the College; therefore, an alcohol-free, drug-free campus environment is expected and enforced.

Second, the College seeks to develop and reinforce positive and exemplary attitudes, speech, and action; therefore, we take the position that (a) public use of profanity and vulgar/abusive language (b) theft and vandalism (c) dishonesty such as lying, cheating and disrespect, and (d) engaging in or giving the appearance of immoral behavior or physical violence on or off-campus are prohibited; therefore, persons found guilty are subject to disciplinary action which could lead to probation, suspension, or expulsion from the College.

Third, fellowship and worship are an integral part of the Christian experience; therefore, students are encouraged to attend weekly chapel/convocation services and programs, as scheduled.

Fourth, promoting acts of leadership and service to humankind is an essential aspect of the College's mission statement; therefore, each student and student organizations are expected to engage in leadership and community service projects. The implementation and enforcement of our community values/student honor code represents our application, knowledge, and understanding of basic Christian beliefs and traditions, making Voorhees a very special and unique place, to be preserved for contemporary and future generations. Voorhees College welcomes you into its family as one who will join our community to be a positive influence for good, who will be a conscientious campus citizen, and who will seek to prepare for responsible citizenship. Our entire College program is designed to assist you in becoming the Voorhees Man and the Voorhees Woman demonstrating competence, character, compassion and commitment. Best wishes are extended to each of you for a very successful collegiate experience.

For the duration of your enrollment at Voorhees College you are to do everything within your power to uphold the high standards of integrity, honor, and excellence herein described. Remember that "*We are Voorhees – A Community of Scholars!*"

5.2 The Voorhees College Student Creed

As a member of the community of scholars at Voorhees College, I will Aim High, Work Hard, and Finish what I start. I will also demonstrate genuine concern and compassion toward others.

In order to be an active participant in a shared living/learning experience, I bring to Voorhees:

RESPECT for myself; for others, their ideas and beliefs; the campus environment; and for our community as a whole.

OPEN-MINDEDNESS to things that are new, different, and unfamiliar.

INTEGRITY that will enable me to be honest, sincere, and true to myself in my pursuit and support of academic excellence.

*By bringing these qualities to our mutual experience, I help build a community of scholars that exemplifies the values of **diversity, responsibility, education, leadership, and growth.***

5.3 Student Rights and Freedoms

Voorhees College endorses academic freedom. The College also endorses citizenship freedoms including freedom of peaceful assembly, freedom of the press, and freedom to petition for redress of grievances. The College seeks constructive changes and will work with the faculty and the Student Government Association in order to make necessary revisions in programs, policies, and procedures. The College, moreover, respects the right of students to criticize, dissent, and protest.

Academic freedom, however, is not academic license. Therefore, in the interest of insuring the education which teachers are here to provide and which students are here to receive, Voorhees College will not tolerate the use of physical force or physical destruction or other activity which infringes upon the freedom of others, deny the opportunity for teachers to teach and for students to learn or interfere with the right of speakers to speak and listeners to listen. The College maintains that the rights and freedoms of students does not include the right to hamper and

restrain the movements of others; to interfere with school operations including the conduct of classes and the performance of office work; to obstruct movement into, through, and out of school buildings; to disrupt school operations; to seize and occupy school buildings, to injure persons, to damage or to destroy property.

The College affirms and supports the basic principle that free inquiry and free expressions are fundamental and indispensable rights, which should be enjoyed by all members of the academic community. It does not condone dissent, which expresses itself through the use of physical force and/or physical obstruction. Therefore, students who use physical force and/or physical obstruction in an attempt to force their wills upon others will be held fully responsible and discipline for such actions will be prompt and sufficient to the cause.

5.4 Student Information and Services

Below please find general non-academic student information, as well descriptions of programs and services that are provided to all Voorhees College students. Academic related programs and services are outlined in Volume VI of the *Voorhees College Policy Manual*. In addition, students should refer to their individual academic program's handbook, as applicable, for academic information germane to their program.

5.4.1 Bookstore

The College Book Store sells textbooks, writing instruments and supplies, toiletries, greeting cards, light snacks and Voorhees College and Greek-letter organization paraphernalia. Purchases may be made with cash, credit cards, book vouchers, money orders, cashier checks and traveler's checks. Checks returned for insufficient funds are forwarded to a check collection agent. Vouchers can be used for textbooks and supplies only.

5.4.2 Business Office and Student Accounts

The Purpose of the Division of Business Affairs is to constantly and continuously seek ways of increasing and effectively managing the financial, human and physical resources of the College.

5.4.3 Campus Media

The Vista: The Vista is a quarterly student newspaper publication of research reports, documented opinion papers, and selected essays from all academic fields edited and managed by a student staff under the supervision of an advisor. Its editorial board is comprised of faculty, students, and administrators at Voorhees College. Students work as reporters, editorial writers, and advertising managers where they gain excellent training in journalism.

WVCD is Voorhees's student radio station, located in the Leonard E. Dawson Health and Human Resources Center. News programs and a wide variety of music is broadcast throughout campus by student disc jockeys.

The Tiger: The Voorhees College Yearbook, The Tiger, depicts, in pictorial form, all the programs and activities that occurred during the academic year. This publication is edited by a student staff under the supervision of an advisor.

5.4.4 Campus Safety and Security

For the safety and security of the students, faculty, staff and property, Voorhees College has established an on-campus Campus Safety and Security Department. The mission of the Campus Safety and Security Department is to maintain security on all College properties, ensure the safety of all students, faculty and staff; coordinate with state and other local law enforcement agencies; and to enhance the security of the College and the surrounding communities. The Department endeavors to have security personnel become a visible and prominent presence on campus, to provide 24 hours of surveillance, to make regular area patrol, and to work with other administrative personnel and departments to promote the mission of the College. For a complete description of the department and a listing of the College's security and safety related policies and programs, please refer to Volume II, Section 2.3 of the *Voorhees College Policy Manual*.

5.4.5 Career Planning and Placement

Career Planning and Placement provides opportunities for students to explore their academic majors and career interests. The Office provides a wide variety of services and programs to promote personal growth and development, and to help students handle day-to-day concerns for traditional and non-traditional learners. Information is available about employment, internships, cooperative education, and graduate school preparation and testing. Services provided include resume assistance and interviewing skills sessions as well as meetings with consultants to discuss employment and graduate school related issues. Representatives from graduate schools, industry, and government agencies recruit on the campus throughout the year.

Staff in the Career Planning and Placement Office encourages Voorhees students to take advantage of services that assist them with educational planning, career exploration, career planning, and job-search strategies. Employment assistance is available during matriculation, or after graduation. All students are encouraged to come in at the beginning of their college experience for assistance in self-assessment and goal setting, including developing a four-year planning guide (see Appendix 5.4.5.1 for additional information). Career Planning and Placement activities are provided in both individual and group sessions.

As a service to students engaged in the job search process, the College arranges for prospective employers to conduct job interviews for career positions on and off campus. Students are encouraged to take advantage of the variety of services that help prepare them for job interviews and other aspects of the job quest. Services include workshops in self-assessment, career exploration and planning, résumé writing, interviewing techniques, job search strategies, and networking. Career fairs are also provided for students to meet various employers in informal settings.

The Career Planning and Placement Office strives to provide a comfortable environment for the traditional and non-traditional learner that enhances the student's intellectual development, career skills, and self-confidence, consistent with age and life circumstances. The staff firmly believes that all students who have made well-informed career decisions will obtain greater benefits from their academic programs and are more likely to persist in completing their educational experiences. Likewise, the College is certain that well-prepared graduates will have greater choices of future employment opportunities.

5.4.6 Commuters

Commuting students have all the privileges and responsibilities enjoyed by boarding/residential students. They represent Voorhees and are expected to uphold the ideals and standards of the College at all times.

Commuter students are encouraged to use the Student Center for fellowship and fun. In addition, commuters are welcome to purchase meals in the Dining Hall and Snack Bar. They may also rent mailboxes in the Post Office on an “as available” basis. Health Services are available to commuters. Any commuter who becomes ill on campus should report to the Student Health Center/Infirmary for treatment.

5.4.7 Financial Aid

The Office of Student Financial Aid assists students whose family and/or personal circumstances make financial assistance necessary in meeting the cost of attending Voorhees College. Financial aid programs include scholarships, loans, grants and employment. These programs may be offered to students singularly or in various combinations. A student may refuse part or all of the aid offered. In such cases, it becomes the responsibility of the student and parents to compensate for the aid not accepted.

The Office of Student Financial Aid is located at Wright Hall. This office disseminates aid information and counsels students and parents regarding financial need, the availability of funds and the application process for receiving financial aid from state, federal, institutional and private financial aid programs. This office also determines eligibility for financial aid and the extent of need and generates a timely notification of the types and amount of financial aid awards.

The primary purpose of the Financial Aid Program at Voorhees College is to provide financial assistance to students who without such aid would be unable to attend college. (Note: Special merit-based scholarships are available to high ability students.) Various sources of financial assistance are available to students who meet eligibility requirements to participate in the Financial Aid Program. Funds available through the Perkins Loan Program, the Pell Grant, the Supplemental Educational Opportunity Grant Program (SEOG), the College Work-Study Program, Guaranteed Student Loan Program, Voorhees College Scholarship and the South Carolina Tuition Grant Program. Students and parents are urged to seek assistance in proper completion of their Aid Applications. All applications should be completed and filed early.

Students are responsible for timely completion of requirements to receive financial aid. This includes requirements of the College, private funding sources, as well as State and federal funding sources. Failure to comply with requirements within specified deadlines may result in a student not receiving financial assistance and may necessitate payment of the balance with personal funds.

The Voorhees College Office of Student Financial Aid strives to ensure that all students apply for financial aid in a timely manner and provides assistance and support in the application process. For any additional questions or concerns, please refer to the current College Catalog or contact the Financial Aid Office.

5.4.8 Food Service

A national chain manages the food services operation at Voorhees College. The College furnishes the dining rooms and the equipment, but the management of the food services and the food service personnel is the responsibility of the chain.

Voorhees College provides food service through ABL Management. The College's food service is under the direction of the Office of Fiscal and Administrative Affairs.

All students living in the residence halls (boarding students) are required to participate in the school's food service program. As participants, students agree to the set rules and regulations for the cafeteria. The cafeteria will open on the first day of New Student Orientation and will close after Commencement. Daily hours of operation are posted in the cafeteria.

The College cafeteria is located in the Leadership Conference Center. It primarily serves resident students who are required to participate in the College's Boarding Meal Plan. Non-resident students who wish to dine therein must either purchase a meal plan or eat on a cash basis. All students who live in residence halls will be charged for meals. The cafeteria prepares meals for students with various dietary needs. Students requesting exemption from the meal plan must submit a physician authorized and signed medical excuse to the campus Nurse. The nurse's office is located on the first floor of Halmi Hall. Upon receipt of a meal plan exemption request, the nurse will contact the ABL Food Service Site Coordinator to determine if the dining hall is able to provide for the physician prescribed dietary needs of the student. Meal plan exemptions will be approved only when the dining hall is unable to provide for these needs. The ABL Food Service Site Coordinator will forward written correspondence to the Vice President for Student Affairs. Meal plan exemption approval will be at the discretion of the Vice President for Student Affairs, and no appeal shall be granted. 2. The College has the right to have an outside, independent psychological evaluation made of the student's fitness to continue as a member of the College community.
3. Where agreement cannot be reached, the student shall be notified in writing (except in emergency situations) of the time and place of a meeting by the College.
4. An informal meeting will be held. A family member or another person of the student's choice from within the College community may accompany the student. The final decision will be based on medical and psychological evidence and or documented evidence of dangerous behavior.
5. Where a determination is made that withdrawal is appropriate, a statement of the reason for the decision will be forwarded to the student's parent/legal guardian.
6. Fees will be refunded according to the policies stated in the College Catalog.
7. The withdrawal will be recorded in the student's permanent record as a medical withdrawal.
8. In emergency situations, the College reserves the right to act outside the normal process and to act in accordance with its best judgment for the benefit and health of the student and for the best interest of the College and its students.

5.5.22 Rape

Voorhees College is committed to creating and maintaining an educational and working environment where respect for the individual and human dignity is of paramount importance. Accordingly, Voorhees College does not tolerate sexual assault in any form. Please refer to the College's Sexual Assault Policy in Volume II, paragraph 2.3.3.12 for additional information.

5.5.23 Relationships with Faculty or College Staff

Intimate relationships between Voorhees College students and its employees are expressly forbidden when the context for the relationship is instruction, coaching, employment, mentoring or other relationships where the student is a captive audience. Please refer to the College's Consensual Relations Policy in Volume II, Subsection 2.1.4 for additional information.

5.5.24 Social Networking

Voorhees College students must be concerned with any behavior that might reflect badly on themselves, their families, and Voorhees College. Such behavior includes any activities conducted online.

Students are not restricted from using any online social network site and/or digital platform. However, users must understand that any content they make public via online social networks or digital platforms (i.e., cell phones, PDAs, etc) is expected to follow acceptable social behaviors and also to comply with federal and state government laws and Voorhees College policies, procedures, rules, and regulations.

Please keep the following guidelines in mind when participating participate on social networking web sites:

1. Before participating in any online community, students must understand that anything posted online is available to anyone in the world.

2. Students shall not post information, photos, or other items online that could reflect negatively on themselves, their family, their team, the athletics department, Voorhees or Voorhees College.
3. Students shall not post their home address, local address, phone number(s), birth date, or other personal information, as well as personal whereabouts or plans.
4. Voorhees College administrators may and will monitor these web sites.
5. Potential employers, internship supervisors, graduate program personnel, and scholarship committees now search these sites to screen candidates and applications.

Students must not post information, photos, or other items online that could reflect negatively on themselves, their family, their department or program or Voorhees College. The malicious use of online social networks, including derogatory language about any member of the Voorhees College community; demeaning statements about or threats to any third party; incriminating photos or statements depicting hazing, sexual harassment, vandalism, stalking, underage drinking, illegal drug use, or any other inappropriate behavior, will be subject to disciplinary action.

Sanctions for failure to agree and adhere to this policy will result in actions ranging from reprimand or suspension to dismissal from the College, an athletic program or both, as well as loss of financial or athletics aid, if applicable.

Violations of College policy or evidence of such violations in the content of social networks or digital platforms are subject to investigation and sanction. They are also subject to investigation by law enforcement agencies.

5.5.25 Stalking

Stalking means intentional, substantial, and unreasonable intrusion into the life of a targeted person that causes the person discomfort and would cause a reasonable person in his/her position to suffer mental distress. Stalking may include, but is not limited to:

1. Following the targeted person as he/she moves from location to location;
2. Visual, physical, or verbal contact that is initiated, maintained, or repeated after the person has been provided notice that contact is unwanted;
3. Surveillance of or the maintenance of a presence near the targeted person's residence or dorm, place of work or school, or another place regularly occupied by the targeted person;
4. Vandalism and property damage.

Stalking does not include words or conduct that is protected by the constitution of this state or the United States and does not apply to officers or process servers performing their official duties.

A student must be provided notice that the contact is unwanted. (Suggestion: send a certified returned-receipt letter telling the individual the contact is unwanted.)

5.5.26 Student Accounts

Voorhees College has the right, pursuant to the South Carolina Setoff Debt Collection Act, to collect any sum due and owed by a student through the offset of the student's state income tax refund. Any student that has a balance due to Voorhees College must agree to pay all cost and fees associated with the collection of this debt.

5.5.27 Student Records

To protect the privacy of students and to ensure that their educational records are accessible to them, Voorhees College has a policy for maintaining and administering student records that is in compliance with the Family Education Rights and Privacy Act of 1974 (FERPA). The Family Educational Rights and Privacy Act of 1974 (FERPA) commonly known as the "Buckley Amendment", seeks to ensure the privacy of the educational records of students through elaborate procedural guarantees. This Federal Act encompasses records maintained by most independent institutions and limits the disclosure of information to third parties. The College's FERPA policy is set forth in Volume II, Subsection 2.1.10. Additional information on FERPA and the administration and maintenance of student educational records is available in the Office of Enrollment Management located in Massachusetts Hall.

5.5.28 Student with Disabilities

The Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Federal Rehabilitation Act of 1973 were developed to help individuals with disabilities avoid discrimination based on their disability status. These laws provide guidelines for public and private agencies to provide access to individuals with disabilities. The ADA upholds and extends the standards covered in Section 504, and is thus more comprehensive and broader in scope. It offers civil rights protections to individuals with disabilities and provides a definition of what constitutes a disability and what a reasonable accommodation is in terms of providing equal access.

Voorhees College complies with 504 at 34 C.F.R. Section 1044.44. Any student with a disability is responsible for declaring the disability, documenting it, and requesting appropriate accommodations. Documentation must have been completed within three years of the student's entry date at Voorhees. The Vice President for Student Affairs will coordinate handling services for students with disabilities. A student with a disability should contact the Division of Student Affairs, for assistance in receiving appropriate services and accommodations. A student must submit a written request for accommodation to the Division of Student Affairs before a request will be considered.

Students with disabilities who seek accommodations from Voorhees College must present current documentation from a certified professional to the Office of the Vice President for Student Affairs. The College will use this documentation as a guide to develop an appropriate and supportive plan for the student. Additional information regarding services provided by the College to enrolled students with disabilities is available in the Office of the Vice President for Student Affairs.

The College reserves the right to request additional documentation, testing, and to determine what accommodations will be made. Documentation of the disability must be on file with the

Student Development Center before an accommodation will be considered. Students should present documentation at least one month prior to requesting an accommodation from the College. Information obtained will be released to faculty, staff, and administrators involved in providing services to students with disabilities. The College will consider all requests for accommodation on an individual basis.

A student who believes that he/she has been discriminated against based on sex, age, or disability should submit a written grievance in accordance with the reporting procedures outlined in the College's Discrimination and Harassment Policy in Volume II, Subsection 2.1.7.

5.5.29 Suicide

Voorhees College recognizes the need to be proactive in its education of the community regarding suicide and to provide appropriate services/referrals to community members who might endanger themselves. A student who expresses suicidal ideation or who attempts to harm her/himself will be assessed and referred to an outside care agency. Parents/guardians will be notified of any verbal/physical threats. In instances where the student's mental/physical health precludes return to classes, a College withdrawal will be initiated. Upon receipt of the withdrawal form, the withdrawal request will be processed.

5.5.30 Tornado Watch-Warning

March through October is "Tornado Season" in South Carolina. Media and emergency agencies use the following terms when referring to tornadoes:

Tornado Watch: Weather conditions are ripe to produce storms. Students should be alert to changing weather conditions and be prepared to seek shelter should a tornado warning be announced.

Tornado Warning: A tornado has been sighted in the area. In the residence hall, students will be notified by one or more of the following:

1. Continuous sounding of horn by Campus Security;
2. Radio/TV News Bulletin;
3. Verbal notification from residence hall staff.

Upon receiving such notice, students must comply with the College's established tornado safety policies and procedures as outlined in the College Emergency Plan (see Volume II, paragraph 2.3.3.4).

5.5.31 Transportation Guidelines

The College provides van transportation to students traveling to airports in Augusta, Columbia, and the Greyhound bus station in Orangeburg. Van transportation will leave campus at scheduled times only. Students should check with the residence hall director for the current schedule. The departure location is Battle Hall and transportation will be provided to airports, train and bus stations for pickups at scheduled times only. Upon your return, students should plan to meet the Voorhees transportation at the "Baggage Claim" area.

Procedures:

1. Check the transportation schedule for the first available departure time after the last class before breaks and holidays and the arrival time for return to the College.
2. Determine which airport, bus or train station (in Orangeburg, Columbia or Augusta) will meet travel needs.
3. Go to the Cashier's Window (Wright Hall) and pay the transportation fee for one way or round trip travel.
4. Get a receipt for payment.
5. Take the receipt to the Physical Plant to complete arrangements.
6. Complete a Travel Request Form to reserve space in the vehicle. Be sure to include both departure and return (if purchasing round trip transportation) times.

On the day of the trip:

1. The driver will have a log to verify those who have made proper arrangements (paid the fee and completed the Travel Request Form).
2. Transportation will leave campus at the scheduled times only. Be ready and on time to leave from Battle Hall.
3. The driver is only authorized to go to the airport, train and bus stations in Orangeburg, Columbia, and Augusta.
4. Transportation may not be scheduled directly to a student's home through this service.
5. Transportation will be at airports, train and bus stations for pickups at scheduled times only.
6. When returning, plan to meet at "Baggage Claim".

5.6 Residential Life Policies

5.6.1 Office of Housing and Residential Life

The Office of Housing and Residential Life is the central office for all aspects of residential organization and living. Residential Living for students at Voorhees College is an experience that is supportive of learning in the classroom. Students gain self-development by group living, participating in residential government, assisting in formulating and presenting residential educational and recreational programs, and independent living. There are five on-campus residences that are staffed by Resident Coordinators, Assistant Residence Coordinators, and Resident Assistants, all of whom work under the guidance of the Director of Housing and Residential Life. In each hall, residential life staff are responsible for working with students in developing and presenting educational, recreational, social and cultural programs; supervising facilities, and advising/counseling residents.

5.6.2 Residence Hall Facilities and Services

5.6.2.1 Residence Hall Facilities

The College provides five (5) residence halls.

5.6.2.2 Residence Hall Services

5.6.2.2.1 Laundry

Residence Hall laundering facilities, including coin operated washers and dryers, are available. The use of other than U.S. coins to operate the machines is illegal.

5.6.2.2.2 Linen and Room Service

College housing does not provide linen or room service and the College does not have attendants to aid students needing this type of assistance. Students will need to make such arrangements themselves.

5.6.2.2.3 Mail

The Campus Post Office, located on the parking lot side of Halmi Hall, is maintained for the convenience of resident students.

5.6.2.2.4 Storage

The College does not provide storage facilities for students' belongings. Students must arrange to have their belongings stored off campus after student check-out.

5.6.2.2.5 Telephones

Each room is provided with a telephone jack for students' use. Students who wish to sign up with a carrier for phone service may see the Residence Hall Coordinator for an application. See below for additional information regarding long distance service.

Office phones are for general office use. Students may neither charge long distance calls nor engage the office phone for more than three minutes.

Each room is equipped with a telephone jack for student use.

5.6.2.2.5.1 Long Distance Service

Students may make their own arrangements to have long distance services. The College will not act as a collection agency for these companies or an intermediary for the student in conflicts arising over the use of these private services. However, the College will take disciplinary action when there is indication that telephones are being used for illegal purposes or in an illegal manner.

5.6.3 Residence Hall Policies

5.6.3.1 Housing Reservations

All students, except those who commute daily from their homes, are expected to room on the campus when occupancy does not exceed the capacity of the residence halls. Accordingly, each resident student is required to make a room reservation prior to enrollment because there is

always a great demand for campus housing. This includes filing with the Cashier's Office the Room Reservation Form and a non-refundable Housing Fee. All students applying for room space on campus must pay this fee.

Students who do not commute from their homes and who have special reasons for living off campus must obtain permission to live off campus from the Office of the Vice President for Student Affairs. Off-campus housing in Denmark is very limited. For additional information concerning housing, the Office of the Director of Residential Life and Student Housing should be contacted.

5.6.3.2 Housing Contract Agreement

Voorhees College requires students to sign a Housing Contract Agreement before occupying space in the residence halls. The student is bound financially by this agreement for one year (two semesters).

The contract may be canceled by the College if:

1. The student is found by the College to be undesirable for residential living, as evidenced by a violation of Residence Hall Rules or the *Student Code of Conduct*.
2. The student is asked to withdraw for academic, or any other reasons, including but not limited to poor academic performance, academic dishonesty, not attending classes or health reasons.

The contract may be canceled by the student without the loss of a deposit by written notification of his/her intention to move off-campus to the Office of Residential Life and Student Housing prior to July 16 (for one semester) and/or December 10 (for two semesters). A student who fails to give this notice prior to these dates, will be charged for the full semester's board and lodging.

5.6.3.3 Room Assignment

Admitted students must complete and submit a Housing Application to the Director of Housing and Residence Life/Housing along with a deposit prior to being assigned a room and issued a key or combination key code. The housing deposit is nonrefundable for incoming students.

Returning or continuing students have opportunity to select rooms for the ensuing fall semester prior to leaving campus for the spring semester provided they pay the required fees in advance.

Returning students who have received a room assignment must take occupancy by the last day of regular class registration. Only the Director of Housing and Residence Life may grant exceptions to this requirement. Failure to comply with this requirement will give the College the right to reassign the room to another student.

At the opening of the College term, a student should report to the residence hall to which he/she has been assigned. Housing/Key Deposits may be paid at this time if not paid previously.

The Office of Housing and Residence Life determines the number of resident who should occupy a given room. *Since Voorhees College operates the residence halls on a "full occupancy" basis, when a student moves out, the remaining student will be assigned a new roommate.*

Prospective students who have paid their deposits but deferred enrollment to the second semester must reapply for housing by contacting the Office of Housing and Residence Life.

The College reserves the right to deny the privilege of residence hall accommodations to persons who show flagrant disregard for the policies and procedures governing residential living or for health reasons.

5.6.3.3.1 Room Change

Subject to space availability, a student may be granted permission by the Residence Hall Coordinator to change rooms within his/her residence hall within the first three weeks of the semester. Any request for a change to another residence hall must have the approval of the Director of Housing and Residential Life. The Director of Housing and Residential Life and/or the Vice President for Student Affairs reserves the right to make all final decisions regarding room assignments.

Students are advised not to make room change requests arbitrarily. When differences exist between roommates, students will be strongly encouraged to work out those differences since learning to live with others is an important aspect of the collegiate experience.

5.6.3.4 Keys, Swipe Cards, and Access Codes

Students who lose their key, swipe cards or need a new access code must pay a replacement fee. Keys, swipe cards, and access codes may only be held or utilized by authorized persons and may not be loaned.

5.6.3.5 Occupancy of Rooms

1. Rooms may be occupied from the announced opening date of the residence hall until 24 hours after the student's final examinations.
2. Graduating seniors will be housed in their respective residence hall until 5:00 p.m. on Commencement Day.
3. Residence halls will be officially closed during Christmas Holidays and during Spring recess. Personal belongings may be left in rooms, unless students wish to carry expensive items home. All rooms must be left clean and vacated. See the Holidays and Spring Break policy below for additional information.
4. Normal room occupancy is no more than two persons. A few larger rooms (Work and Study Rooms) may be used to accommodate three or four persons. There are no arrangements for private rooms. Students who are assigned to a double room should be prepared to accept a roommate.
5. If single occupancy results from withdrawal by one of the occupants, a new roommate will be assigned or the single occupant reassigned. The following options are available:
 - a. Keep the room single and pay the private room rate.
 - b. Move into a double room that has another occupant at a double rate or have someone in this situation move in with him/her. That is achieved according to residence hall room change procedures.

- c. If neither of the above two options is feasible, reassignment will be made at the discretion of the Residence Hall Coordinator with the approval from the Office of the Director of Housing and Residential Life.
6. It may be necessary to assign January enrollees to rooms already occupied by one student. In this instance, every precautionary measure will be made to initiate this practice on a selective basis, insuring the safety of the belongings of the individuals who occupied this room during the previous period.

5.6.3.6 Vacating

When a student vacates his/her room for any reason, whether or not he/she is withdrawing from the College, he/she must check-out with the Residence Assistant Director. If a student fails to do so, he/she will be liable for any discrepancies in the room until an official check-out has been made by the Coordinator. A per person fee will be charged if rooms are left dirty when students checkout for the holidays or leave the College.

The Office of Residence Life/Housing reserves the right to require a student to change or vacate rooms when health, interpersonal or psychological difficulties warrant change.

5.6.4 Residence Hall Conduct Rules

The College reserves the right to require a student to move from the Residence Hall if the student is in violation of any residence hall rule, policy or procedure or the *Student Code of Conduct*.

5.6.4.1 Alcohol and Drugs in the Residence Halls

In accordance with the College's Alcohol and Drug Policy (see Volume II, Subsection 2.2.2), Voorhees College students are prohibited from using, possessing, manufacturing, dispensing, distributing or being under the influence of alcohol, controlled substances or illegal drugs in the College's residence halls.

5.6.4.2 Appliances

Appliances may only be used where receptacles are located and are capable of accommodating such appliances. Care must be taken not to overload existing circuits when using approved appliances. Use of multiple or duplicate appliances in the same room are not allowed. All electrical appliances should be used with care within the residence halls and shall not be left unattended or plugged in when not in use (i.e., lights, radios, TV, stereos, etc. should be turned off when a student is out of his/her room).

Unauthorized use of all cooking appliances and high-resistance heating elements including, but not limited to, toasters, toaster ovens, crock-pots, electric skillets, rice steamers, woks, deep fryers, grills and hot plates/pots is prohibited in all residential halls.

Microwaves of 700 watts or less are permitted in students' assigned rooms and must be used for reheating purposes only. Only one microwave is permitted in each room.

Electrical installations (installation of special conductors, prongs or small electrical cords, etc.) or rewiring of residence hall rooms by unlicensed persons are prohibited.

5.6.4.3 Barbecues/Grills

Flammable materials (i.e. propane) used for grilling may not be stored in the residence hall rooms. Personal barbecues and grills are prohibited on campus.

5.6.4.4 Being Present During a Violation

Anyone found to be present during a Residence Life or Voorhees College Policy violation may be charged with the violation.

5.6.4.5 Children

In accordance with the College Children on Campus Policy (see Volume II, Subsection 2.1.2), no small children are to be housed in residence halls. No one has authority to grant such permission.

5.6.4.6 Cleaning Rooms

Rooms are to be kept clean and tidy at all times. They may be inspected; preferably with the occupants' consent and presence, but may be checked and searched at the discretion of College officials for safety hazards and other reasons.

5.6.4.7 Cohabitation

Sexual activity of any kind in the residence halls is strictly forbidden.

5.6.4.8 Common Interest Rooms

Some residence halls have lounges, TV rooms, study rooms, and laundry rooms. With the right of access to these facilities goes the responsibility to adhere to residence hall policies regarding their use:

1. Students who use any of these facilities are responsible for the condition in which they are left. Students who move furniture from common interest rooms may be subject to penalty.
2. As smoking is considered a health hazard, it is not permitted in any College facility.

5.6.4.9 Damages to Residence Hall Rooms

Each student is responsible for and shares in the care of his/her room and the protection of the furnishing therein.

Since each student is responsible for the overall condition of his/her room and furniture, assessment will be made for any damage to the walls and/or furniture beyond normal wear and tear. Students will be held responsible and charges will be made if scotch tape, paste, glue, nails or tacks or any disfiguring materials that mar walls.

A charge is levied each semester to students responsible for damages as well as for violations of housing policies in the residence halls. Please contact the Office of Residential Life and Student Housing for a listing of current fines.

5.6.4.9.1 Damage to Common Areas

When damages occur on a particular floor or hall in a public area, including but not limited to common interested areas such as lobbies, lounges, TV rooms, study rooms, and laundry rooms, persons responsible will be assessed if they can be identified; otherwise all floor or hall residents will be assessed.

5.6.4.10 Dismissal from Voorhees College

Students dismissed from the College for academic or conduct reasons lose their claim to a room in the Residence Halls, and if reinstated, they may be assigned to a Residence Hall waiting list.

5.6.4.11 Emergencies

In the event of an emergency, call Campus Security. This department is staffed 24 hours a day and has personnel trained to respond to all types of emergencies. Please refer to the College's Emergency Plan in Volume II, paragraph 2.3.3.4 for additional information. In addition, resident students should notify the Resident Assistant on duty or a professional residence life staff member of the nature of the situation if they have a chance.

In addition, students should notify their Resident Assistant of their whereabouts when they expect to be away from the campus for long periods of time. This will allow a means of contacting the student in the event of an emergency.

5.6.4.12 Entrance into a Student's Room

Voorhees College encourages and upholds the right of privacy. No staff member shall enter a room without knocking first and being acknowledged to enter the room, except in the case of an emergency. An emergency situation exists when (in the opinion of College staff) the safety and/or welfare of a resident is endangered. Except in cases of emergency, no student's room will be searched or items in the room seized unless one of the students is present. Permission to search is granted by a search warrant signed by the Vice President for Student Affairs or his/her designee. However, permission to search is not required when contraband to be confiscated is in full view of campus authorities. (See Search and Seizure Policy). Periodic announced and/or unannounced room inspections for purposes of health, safety and sanitation will be made. Students' rooms may be entered for this purpose, as well as for repairs and maintenance. The Residence Coordinators will check rooms twice a week for the above purposes and to identify needed repairs.

5.6.4.13 Excessive Noise

The atmosphere in the residence halls must always be conducive to study. In addition to the observance of quiet hours from 8:00 p.m. - 8:00 a.m., excessive noises, loud radios/stereos, boisterous behavior and activities will not be tolerated. Warned students equipment may be confiscated and they may be evicted from the Residence Hall.

Flammable materials, including but not limited to the possession, display, or ignition of fireworks or explosive devices of any kind, are prohibited in residence halls.

5.6.4.17 Floor and Hall Meetings

Students are required to attend hall and floor meetings.

5.6.4.18 Hall Sports/Games

Games and sports activities can cause injury or damage when played inside; therefore, these activities (including in-line skates and skateboards) are not permitted in the residence halls. Appropriate areas for these activities exist outside the residence halls and elsewhere on campus. Any equipment used while playing sports inside the residence halls may be confiscated and disciplinary action may be taken.

5.6.4.19 Holidays and Spring Break

Residence Halls close during these times and all students must vacate the halls by an established date and time that will be posted to begin the holiday or spring break period. Exceptions may be made by contacting the Director of Housing and Residential Life.

The College assumes no responsibility for personal belongings of students that are left in the residence halls during breaks or other vacation periods.

Students may be charged a cleaning fee for rooms left untidy.

Students are strongly encouraged to purchase renter's insurance, to engrave identifying marks on valuable items (TVs, VCRs, stereos, etc.), and to record item serial numbers. Renter's insurance brochures are available in the Office of the Director of Housing and Residence Halls and the Vice President for Student Affairs Offices. *The College promotes an environment of safety and honesty; however, the College is not responsible for the loss of or damage to student property.*

5.6.4.22 Mechanical Vehicles

Mechanical vehicles such as motorbikes, skateboards, scooters, etc., and weights are not permitted in students' rooms.

5.6.4.23 Musical Instruments

Practicing of voice or musical instruments in residence halls is not allowed.

5.6.4.24 Open Flames

All items with an open flame or ember, including cigarettes, are strictly prohibited. These items are a potential source of ignition and represent a serious safety threat to students living in the residence halls. Such items, if found in your room, will be removed by Residence Life staff. Prohibited items include candles, cigars, pipes, incense, and portable gas or charcoal grills.

5.6.4.25 Pets

Household pets and animals are not permitted in residence halls.

5.6.4.26 Pregnant Students Living in College Housing

An expectant mother must inform the College Nurse immediately after the pregnancy is confirmed. She will be permitted to live in campus housing only during the first two trimester of her pregnancy and after she has signed a release form that frees the College of all liability associated with the pregnancy.

1. A Voorhees College resident student who becomes pregnant is required to provide the following information to the College Nurse upon learning of the pregnancy:
 - a. Name, address, and telephone number of the pregnant student's primary care physician in writing.
 - b. Written certification by the pregnant student's primary care physician that the pregnant student is medically able to continue participation in the normal education programs and activities of Voorhees College. This certification will be periodically provided by the student as requested by the College Nurse and/or the Vice President for Student Affairs.

A pregnant student shall sign a written waiver releasing Voorhees College from any responsibility or liability for the pregnant student's health or the fetus' health or the outcome of the pregnancy.
3. On-Campus Housing of Student's Child. On-campus housing of a student's child is not permitted at Voorhees College. This includes, but is not limited to, overnight visits. Upon a

violation of this policy, the Vice President for Student Affairs may remove the student and child permanently from on-campus housing.

5.6.4.27 Proper Use of Resident Facilities

Students are prohibited from using Voorhees College resident facilities or resources for commercial activity such as creating products or services for sale.

5.6.4.28 Quiet Hours

All students are expected to be considerate of others who are studying and sleeping. Stereos, radios, televisions, typewriters, computers, and loud conversations should not be heard outside a student's room. Designated quiet hours are from 9:00 p.m. to 10:00 a.m. and all residents are to adhere to them. Quiet hours will be enforced 24 hours a day during exam periods (midterms and finals).

5.6.4.29 Room Decorations

Permission to paint or redecorate rooms must be secured from the Director of Housing and Residence Life.

Students are free to display posters and other items in the room. However, possessions or displays, which are inconsistent with, accepted standards or College policies should not be displayed. Collections of alcoholic beverage containers, posters of nude men or women, and potentially harassing or intimidating visual material are strictly prohibited.

The Residence Coordinator will check twice a week for the same purposes and to keep up repairs. These inspections will be in conformance with the College's Entrance into a Student's Room Policy and be concerned with the requirements of safety and sanitation listed below:

1. Compliance with the College's Appliance policy.
2. All food must be stored in closed containers. Waste baskets are to be emptied daily and the room must be kept free from all waste materials in order to discourage rodents and pests.
3. Pets are not allowed in residence halls.
4. No small children are to be housed in residence halls. No one has authority to grant such permission.

In addition, the staff will check for the following conditions:

1. Inappropriate posters or signs;
2. No empty cans or bottles;
3. Alcohol, drugs, or drug paraphernalia; and
4. Smoke detectors in good operating order.

If a room fails inspection, the residents of that room will be given a warning and a second inspection date. Multiple failures may result in removal from the Residence Halls. Any prohibited items will be confiscated when found. Notwithstanding the sanctions above, the Vice President for Student Affairs reserves the right to administer disciplinary action and assign sanctions in all cases to the extent deemed appropriate and reasonably warranted under the circumstances. This is particularly true for alcohol, drugs or drug paraphernalia violations.

5.6.4.32 Search and Seizure Policy

1. Voorhees College seeks to give every student the right of privacy against arbitrary and unnecessary intrusion into his/her private life, while at the same time reserving its right to take appropriate action to enforce its rules and regulations, maintain order and discipline, and maintain safe and clean living conditions.
2. 5.6.4.33 Security Tips for Residents

In order to help protect yourself and your belongings:

1. Always enter and exit at the front door of the residence hall only.

3. Never give or loan your room key to anyone. If your room key is either lost or stolen, report it immediately.
4. Keep your room door closed and locked whenever you are out of your room, even for a few seconds.
5. If you plan to be away for the weekend, lock away your valuables, or take them with you.

All fire exit doors and wing doors, with the exception of the main lobby, must be locked at all times. Be sure to take your keys at all times.

To ensure a safe environment, you should never prop open a fire exit or side door. Additionally, it is important that all students enter and exit through main lobby doors and ensure that others do the same. If you have a concern with door security, please report it promptly to a member of the Residential Life and Housing staff. The doors open directly to the outside of the building. All residents are encouraged to keep their room door closed and locked at all times.

Additionally, it is important to make sure you close your blinds in the evening when you are in your area.

When leaving for a holiday, secure your belongings by making sure all windows are locked, blinds are down and opened (for fire safety) and room doors are locked.

6. Visitation is a privilege and not a guaranteed right of College housing.
7. The College’s posted quiet hours shall be in effect during the visitation period.
8. Students are responsible for ensuring that their guests leave the residence halls prior to the visitation hours ending.

5.7 Student Code of Conduct and Disciplinary System

5.7.1 Student Code of Conduct

Voorhees College strives to maintain a community that promotes and values the academic experience, institutional and personal integrity, justice, equality, and diversity. The College, therefore, believes in values that foster an environment where people can work, study, and recreate together as a community.

In establishing this community, it is necessary to state behavioral expectations for all students, which promote the values that the College has stated are necessary. The purpose of the *Student Code of Conduct* is to outline these behavioral expectations, and to provide an explanation of the process involved for responding to allegations of student misconduct, as well as detailing what actions the College shall take in dealing with policy violations.

A student attending Voorhees College agrees to be governed by the *Student Code of Conduct*, as well as other College policies. The *Student Code of Conduct* applies to each student who is enrolled, whether on campus or off, during sessions, or between semesters. The College, through the Office of the Vice President for Student Affairs, maintains the exclusive authority to impose sanctions for behaviors that violate the *Student Code of Conduct* with the exception of alleged violation of academic dishonesty. The Office of the Executive Vice President and Academic Dean imposes sanctions for violations of academic dishonesty.

The purpose of publishing disciplinary regulations is to give students general notice of prohibited behavior. This Code is not written with the specificity of a criminal statute. These regulations should be read broadly and are not designed to define prohibited behavior in exhaustive terms.

All students at Voorhees College have access to the *Student Code of Conduct*. This document appears in its entirety in the Student Affairs link on the Voorhees College home page at www.voorhees.edu. In addition, limited hard copies of the *Student Code of Conduct* are available in each residence hall staff office, the Office of the Vice President for Student Affairs, Student Activities, and the Student Government Association.

All students are responsible for reading Volume V of the Voorhees College Policy Manual. It is also an expectation that each student knows and observes all values and behavioral expectations related to the *Student Code of Conduct*, and to be familiar with the information contained in all College publications.

Voorhees College is committed to providing fair and equitable treatment to all students in student disciplinary matters. It also has an equal obligation to protect its educational purpose and the interest of its student body; therefore, it must be concerned with the actions of individuals or groups that are in conflict with the welfare and integrity of the College or in disregard for the rights of other students, faculty or other members of the College community. All students, while associated with or representing the College, are expected to conduct themselves and community life in a manner that will reflect upon the College. When students enter Voorhees College, it is assumed that they have a serious purpose and a sincere interest in their own social and intellectual development.

It is also assumed that they are familiar with the policies and regulations set forth for students at Voorhees College, and that they have accepted them as a way of life during their stay at the College. They are expected to learn to handle problems intelligently, reasonably and with consideration for the rights of others; to obey laws and ordinances of the nation, state, and community of which they, as well as the College, are a part and to conduct themselves peaceably in espousing changes they may consider necessary.

5.7.1.1 Behavior Standards and Expectations

Misconduct or inappropriate behavior refers to personal or group behavior, on or off campus that violates the values that guide and govern behavior. The following listing is not inclusive but is intended to give the student an idea of the types of behavior that are deemed inappropriate in this community and may result in disciplinary responses. The College may, at its discretion, impose disciplinary sanctions for other acts that it reasonably deems to be misconduct by students and/or student organizations. The disciplinary responses listed below are the recommended minimum disciplinary responses in the event the student is found responsible of violating a student code. Additional disciplinary responses may be issued in the event circumstances warrant, as determined by the College disciplinary official or committee. Moreover, the disciplinary responses issued by the College in relation to student misconduct are issued solely as a result of the relationship the College has with the student, and such discipline is not a substitute and does not relieve an individual from any other civil or criminal penalty which may be imposed for the same conduct.

The following are examples of inappropriate behavior:

5.7.1.1.1 Academic Dishonesty

Definition: The College's Policy Statement on Academic Integrity is found in Volume VI, Subsection 6.4.15 of the *Voorhees College Policy Manual*.

The minimum legal drinking age in the State of South Carolina is twenty-one (21) years of age. Students, moreover, should also be aware of the fact that Voorhees College does not permit the consumption, distribution, possession, sale, or manufacture of alcoholic beverages on the Voorhees campus. Please refer to the College's Alcohol and Drug Policy in Volume II, Subsection 2.2.2 for additional information.

Whether as an individual member of the Voorhees community or as a member of a student organization, the law concerning the consumption of alcoholic beverages could have a direct impact upon any individual who sponsors a party (regardless of location) at which alcohol is served. Any organization or individual who plays the role of a social host can be held liable for damages stemming from violations of the laws governing the consumption of alcoholic beverages. It is very important that all individuals take steps to ensure that the laws governing the consumption of alcoholic beverages are not violated whenever an off-campus event is sponsored.

Consistent with the law and as a matter of principle, Voorhees College does not condone the consumption of alcoholic beverages by minors or the dispensing of it to noticeably intoxicated individuals regardless of age.

5.7.1.1.45 Weapons

Definition: The possession, whether openly or concealed, of guns or other weapon including, but not limited to, firearms, explosives, BB guns, throwing stars, ammunition, sling shots, knives, and any other weapon of any kind or an imitation thereof that could be used to cause fear or injury to another person. Voorhees College supports city, state, and federal laws against such weapons.

Possession, use or storage in any school area (including residence halls) of any object designed to inflict injury; firearms, explosive chemicals, gasoline, ammunition, bows, arrows, baseball bats or swords, pellet guns, slingshots, martial art devices, brass knuckles, switchblades, bowie knives, daggers or similar knives, and chemicals such as mace or tear-gas. Please refer to the College's Weapons Policy in Volume II, paragraph 2.3.3.15 for additional information.

Action: Confiscation of weapon(s) and/or disciplinary probation, suspension, and/or expulsion.

5.7.1.1.46 Violation of College Policy

Students must adhere to and not violate any written College policy or regulations contained in any official publication or administrative announcement of Voorhees College, including but not limited to Volumes II, V, and VI of the Voorhees College Policy Manual.

5.7.2 Disciplinary System

Voorhees College aspires to have a safe and sound educational environment that facilitates high standards of excellence for our students. In such an environment, we must depend on students to comply with reasonable rules of order and discipline.

The discipline of students is viewed as a part of the educational process. Appropriate standards of conduct are established in keeping with the achievement of the College's Mission. The nature and procedures of the disciplinary process determine whether misconduct warrants, warning, probation, suspension, severance from the residence halls or the College by dismissal, or other disciplinary actions.

Disciplinary action may be initiated against students by Voorhees College for misconduct which either arises on or off campus when the student is in violation of federal, state and local laws, as well as College-wide policies and regulations, or engages in behavior that materially or adversely affects the College or an individual's suitability to be a member of the Voorhees College community. When a student demonstrates that he or she does not respect Voorhees's purposes, that student forfeits the right to remain a part of the Voorhees Community. A student is not entitled to greater immunities or privileges before the law than those enjoyed by other citizens generally.

The student is expected to comply with the spirit, as well as the letter of these expectations for behavior. By definition, a student in good standing is not on any type of probation (i.e. academic, financial, disciplinary, residence hall). All students are required to remain in good standing at Voorhees College in order to receive institutional financial aid the following year. Probation or suspension is cause for cancellation of institutional aid.

College-enacted rules and regulations are found in this Volume V of the Voorhees College Policy Manual and addenda disseminated from time to time by Voorhees, as well as in the College Catalog and Volumes II and VI of the *Voorhees College Policy Manual*. A student or student organization found to have violated any of the College rules or regulations shall be subject to appropriate disciplinary response by the Vice President for Student Affairs or other disciplinary body.

Disciplinary action may also be initiated against students involved in violations outside of the Voorhees College campus, including, but not limited to, areas of public access within the bounds of the Voorhees College campus, on the grounds of any properties controlled by Voorhees, or at the location of College-sponsored activities or events. College-owned apartments and houses rented from the College are considered campus housing.

The Office of the Vice President for Student Affairs will enforce College policies and values. College officials will make periodic safety and property inspections. Individuals formerly enrolled at Voorhees may still be subject to the College disciplinary process for violations occurring while they were enrolled in or associated with the College. Students committing a city, state, or federal crime are subject to disciplinary action, and/or civil action, and the case may be turned over to police authorities.

Voorhees College is a drug-free and alcohol free campus and to maintain it as such, officials may do random alcohol and/or drug testing and may use investigatory devices. When the College believes there is presence of (including but not limited to) drugs, drug paraphernalia, alcohol, or other prohibited items and/or behaviors which are in violation of the policies stated in this Volume V of the *Voorhees College Policy Manual*, and or Residence Hall Policies, a search of the student's property may be held for any reason, at any time, without notice, without student consent, and without a search warrant.

The breach of any regulation may result in the imposition of any of the disciplinary responses set forth in this volume, including expulsion. The severity of the disciplinary response imposed will depend, in each instance, upon the circumstances of the violation. Repeated violations and/or combinations of violations will result in disciplinary action more severe than if only one violation occurred.

Students who have a disciplinary history or reprimand of any sort in their student record may be prohibited from participating in special programs offered by the College.

Egregious acts of disrespect/misconduct such as assault and/or cursing a College official will result in immediate suspension/expulsion from the College.

5.7.2.1 Voorhees College Judicial System

It is in the best interest of the College and members of the College community for the College, when possible, to function in regard to disciplinary matters as a self-contained community in an orderly environment. Assurance that fair sanctions will be imposed on those found guilty of misconduct will help the College preserve order. The College Judicial System is designed to help the College exercise proper control over its disciplinary affairs, while conscious at the same time of the rights and competence of the civil authorities in such matters. Lawyers, physicians, and other third parties are not permitted to participate directly in student affairs matters, including judiciary procedures. Appeals, notifications, and requests from third parties will not be accepted or honored.

Procedures have been established which are reasonably calculated to facilitate a reliable determination of the issues, and to afford fundamental fairness to any student accused of misconduct.

It is the intent of these policies and regulations to set forth the duties of those who join the College community to each other and to the College, and to set forth administrative and judicial procedures for dealing with those students who are accused of violating the policies and regulations.

5.7.2.1.1 Jurisdiction

Students are subject to all state, federal and local laws and accountable to the city, state, and federal courts for any violation of such laws. A charge alleging that a student has violated a city, state, or federal law is also subject to on-campus judiciary review. College disciplinary proceedings and hearings are not criminal proceedings. In cases involving the alleged violation by a student, on or off the campus, of a state, federal or local law, the College may consider but is not bound by any action taken with regard to the same violation by city, state or federal courts or officials.

Generally, the College's jurisdiction and discipline shall be limited to conduct which occurs on College property and/or at College-related events, or which adversely affects the College community and/or the pursuit of its objectives. The Vice President for Student Affairs will determine when the College will take action for allegations of off-campus misconduct which also violates College policy and/or federal, state and/or local laws, statutes, or ordinances.

If a student is charged only with an off-campus violation of federal, state, or local laws, but not with any other violation of the *Student Code of Conduct*, disciplinary action may be taken and sanctions imposed by the Vice President for Student Affairs or a designee for grave misconduct which demonstrates flagrant disregard for the College community.

College disciplinary proceedings may be instituted against a student charged with a violation of a law that is also a violation of the *Student Code of Conduct*. For example, if both violations result from the same factual situation, without regard to the status of civil litigation in court or criminal arrest and prosecution, proceedings under this *Student Code of Conduct* may be carried out prior to, simultaneously with, or following civil or criminal proceedings off-campus.

When a student is charged by federal, state, or local authorities with a violation of law, the College will not request or agree to special consideration for that individual because of his/her status as a student. If the alleged offense is also the subject of a proceeding before a judicial body under the *Student Code of Conduct*, however, the College may advise off-campus authorities of the existence of the *Student Code of Conduct* and of how such matters will be handled internally within the College community. The College will cooperate fully with law enforcement and other agencies in the enforcement of criminal law on campus and under the conditions imposed by criminal courts for the rehabilitation of student violators. Individual students and College employees, acting in their personal capacities, remain free to interact with government representatives as they deem appropriate.

5.7.2.2 Structure of the Voorhees College Student Disciplinary System

The student disciplinary system of the College consists of the Judicial Council, other Hearing Officers, and the Vice President for Student Affairs.

5.7.2.2.1 Judicial Council

Serious infractions will be referred to the Judicial Council. The Council hears the case and if there is a finding of ‘responsible’, imposes an appropriate sanction. Under certain circumstances, a student may appeal the Judicial Council’s decision to the Appeals Committee or to the Vice President for Student Affairs (see paragraph 5.7.2.8 for additional information). While the President reserves the right to review any matter in this area, decisions of the Vice President for Student Affairs are considered final.

The Judicial Council is composed of four members from the faculty, two members appointed by the President, and three students appointed by the Student Government Association. In addition, two students, one faculty member, and one College staff member shall serve as alternates. Faculty and staff members are appointed to serve a term of two years, and students are appointed to one-year terms.

The duties of the College Judicial Council include hearing and rendering a decision in all cases referred to it under the *Student Code of Conduct*. This hearing body will report its decisions to the Vice President for Student Affairs, who will report the results to the charged student(s) within two (2) days of the Judicial Council’s decision.

Student members of the College Judicial Council who are charged with any violation of the *Student Code of Conduct* or with a criminal offense may be suspended from their judicial position by the Vice President for Student Affairs. Members found guilty of any such violation or offense may be disqualified from any other participation on the College Judicial Council. Additional grounds for removal may be established by the Vice President for Student Affairs.

All proceedings of the College Judicial Council will be audio-taped. There will be no audio-taping during deliberations. The recording will not be retained once all appeals have been exhausted.

5.7.2.2.2 The Authority of the Vice President for Student Affairs

The President, as chief administrator of the College, has delegated the responsibility and authority for establishing, monitoring, and enforcing regulations governing student life to the

Vice President for Student Affairs. Anyone can refer a matter to the Vice President for Student Affairs.

5.7.2.2.2.1 Reserved Powers and Judicial Authority

In all institutions involving the security of a large number of persons, key officials are empowered with emergency and/or reserved powers to act upon matters requiring immediate action. The Vice President for Student Affairs is the person who holds this position at the College. When the welfare of the College will be adversely affected while awaiting the outcome of the judicial or review process, the Vice President for Student Affairs is empowered to resolve the matter in the most expeditious manner possible.

The Vice President for Student Affairs shall determine the process for authorizing individuals (or a judicial body) to hear each case. The Vice President for Student Affairs has the authority to refer any case directly to the appropriate Judicial Body.

The “Judicial Body” shall include one of the following:

1. The Vice President for Student Affairs;
2. The Chief of Safety and Security;
3. The Director of Housing and Residential Life;
4. The College Judicial Council;
5. The Appeals Committee; and
6. Other hearing authority designated by the Vice President for Student Affairs.

The Vice President for Student Affairs shall develop policies for the administration of the judicial program and procedural rules for the conduct of hearings.

Decisions made by a judicial body shall be final, pending the normal appeal process.

The Office of the Vice President for Student Affairs has been delegated the responsibility to administer the student judicial system. Responsibilities of the office include but are not limited to:

1. Reviewing complaints and determining charges to be filed pursuant to the *Student Code of Conduct*.
2. Investigating cases and conducting administrative meetings.
3. Supervising the selection, training, and advising of all campus-hearing officers.
4. Advising the President on appointing members to the College Judicial Council or Appeals Committee to hear referred cases.
5. Reviewing the decisions of all cases reviewed and the final disposition of those cases.
6. Resolving disputes and contested issues that arise out of alleged cases of student misconduct.
7. Maintaining all student disciplinary records resulting from enforcement of the *Student Code of Conduct*.
8. Collecting and disseminating data concerning student judicial system actions.

9. Managing and supervising of the College's hearing and judicial process.

5.7.2.3 Filing Charges

1. Any member of the College community may file charges against any student or student organization for misconduct. Charges shall be prepared in writing by submitting a letter or completing an Incident Report Form to the Vice President for Student Affairs, who is in turn responsible for the administration of the student judicial system.
2. The charge shall be made within a reasonable timeframe after the alleged incident (or after the latest alleged incident in cases of harassment or where there is a succession of documented incidents). Disciplinary action may be pursued after considering the amount of time that has passed since the alleged incident and whether there is enough information available to substantiate the reported behavior.
3. The Vice President for Student Affairs and/or his/her designee shall conduct an investigation to determine if the charge(s) has merit.
4. If the Vice President for Student Affairs and/or his/her designee determines that the charge has merit, the student accused of violating the *Student Code of Conduct* will be notified in writing of the charges and directed to attend an administrative meeting with the Vice President for Student Affairs or his/her designee or attend a judicial hearing to review the charges, establish the facts, and to discuss the student's rights and responsibilities under the College's Disciplinary System. Please note that the College reserves the right to immediately suspend a student pending the administrative meeting with the Vice President for Student Affairs if the student's conduct poses a threat to the College community.
5. Within five (5) business days of the student receiving formal written notice of the charge, the Vice President for Student Affairs or his/her designee will conduct the administrative meeting with the student or the student will be given written notification to attend a judicial hearing with the Judicial Council. Failure to attend the meeting or the hearing will result in a finding of responsible and imposition of appropriate sanction as determined by the Vice President for Student Affairs or the Judicial Council with no right to appeal.
6. The incident may be resolved at this administrative meeting level, in that the student may decide to amicably resolve the case by admitting culpability or waiving the right to a hearing before a judicial body. If the student chooses to admit culpability or waive the right to a hearing, there is no right to an appeal.
7. If the matter is resolved during the administrative meeting, the Vice President for Student Affairs will delineate in writing how the matter has been resolved and what sanction, if any, has been imposed, and the matter will be declared closed.
8. If the matter is not resolved at the administrative meeting, the Vice President shall, within five days of the administrative meeting, either (1) refer the case to the appropriate judicial body for resolution or, (2) impose an appropriate sanction if in the judgment of the Vice President for Student Affairs there is overwhelming evidence of guilt and the offense will result in a sanction less than dismissal or suspension. Should a sanction be imposed at this level, the student may file an appeal within five days of receipt of the sanction requesting that the matter be presented to the appropriate judicial body. The decision of the judicial body shall be final.

9. The “judicial body” shall include one of the following:
 - a. The Chief of Safety and Security;
 - b. The Director of Housing and Residential Life;
 - c. The College Judicial Council;
 - d. The Appeals Committee; or
 - e. Other hearing authority designated by the Vice President for Student Affairs.

Note: The Vice President for Student Affairs may summarily suspend a student from the College for an interim period pending the disciplinary proceeding before the appropriate judicial body. The interim suspension shall become effective immediately without prior notice whenever there is evidence that the continued presence of the student at the College poses a substantial and immediate threat to himself, herself, or others. During the period of such a suspension, the student shall not, without prior written permission from the Vice President for Student Affairs or his/her designee, enter or remain on the campus of Voorhees College other than to attend the scheduled hearing. Violations of any conditions of the interim suspension shall be grounds for dismissal from the College. A student suspended on an interim basis shall be given a prompt opportunity to appear personally before the Vice President for Student Affairs. The interim sanction may remain in effect until a final decision has been reached, including any appropriate appeals process, at the discretion of the Vice President for Student Affairs or his/her designee.

Upon conclusion of the hearing, the judicial body will commence deliberation in private and, by majority vote of the voting members present, render a decision and, if the student is found ‘**RESPONSIBLE**’, issue a sanction. The judicial body’s determination shall be made on the basis of whether or not there is a preponderance of evidence which supports the finding of a violation, indicating that it is likely that the accused student violated the Student Code of Conduct.

5.7.2.4 Rights and Responsibilities of Student Subject to Disciplinary Hearings

Students should expect that disciplinary proceedings will be handled fairly. All Voorhees College students accused of violating the *Student Code of Conduct* shall be granted due process rights. A student who has been charged with a violation of the *Student Code of Conduct* and thus alleged to be involved in inappropriate behavior will be granted these rights in order to assure fundamental fairness in the disciplinary process:

1. Student(s) shall be presented the charges brought against him/her in writing at least twenty-four (24) hours before the hearing is scheduled. Any such notice shall also state that if the student fails to appear before the hearing body (Judicial Committee, the Chief of Safety and Security, the Director of Housing and Residential Life, or other Hearing Officers) without just cause, the hearing shall be heard in his/her/their absence without any right to an appeal.
2. The student shall be entitled to be present at the hearing during the presentation of any matter on which the decision may be based.
3. The student shall be entitled to present his or her case through statements, questions, witnesses, and other forms of evidence.

4. The student shall be entitled to be accompanied by an advisor they choose, at their own expense. The advisor may be a family member, a member of the faculty, staff, or student member from the College. The complainant and/or the accused student is responsible for presenting his/her own case. The accused student's advisor may advise him/her during the proceedings but is otherwise not permitted to address the judicial body or participate in the proceeding.
5. The student shall be entitled to a written notice of the results.
6. All disciplinary hearings are closed to the public. Persons in attendance at closed hearings shall be limited to (a) the hearing body, (b) the student and his/her advisor, and (c) witnesses. Witnesses will be asked to withdraw after their statements have been received.
7. If a student or group of students is asked to appear before a judicial hearing body and, if he/she/they fail to appear for the hearing or investigation without just cause, this will be considered a violation of College policy and such student(s) will be subject to further disciplinary action.
8. A student has the right to a hearing by an unbiased judicial body.
9. A student has the right to object to a Board/Panel member or Hearing Officer who is serving in the capacity of a member of the judicial body. The Vice President for Student Affairs, or his/her designee, will determine the validity of the objection.
10. A student has the right not to present information against himself/herself.
11. A student has the right to hear and respond to all information presented against him/her. This includes the right to question all parties through the judicial body.
12. A student has the right to present information and witnesses in his/her own behalf.
13. A student has the right to appeal the outcome of a hearing, except in cases where a student pleads guilty to the violation. A student must be informed of their right to appeal and the process by which to do so.

5.7.2.5 Victim's Rights

When a member of the Voorhees College community has been the victim of an alleged act of misconduct which violates the physical and/or mental welfare of an individual, the victim should expect that the judicial body shall respond in a caring, sensitive manner which allows the victim to utilize the judicial process unimpeded, while still maintaining the rights of the accused student. In cases including but not limited to sexual assault, physical assault, hazing, and harassment, the following rights shall be provided to victims of alleged offenses:

1. A victim has the right to be treated with dignity and compassion by the judicial body, and by all persons involved in the disciplinary process.
2. A victim has the right to information pertaining to the campus judicial process and appropriate referrals for information on the criminal process.
3. A victim has the right to information pertaining to counseling assistance available to him/her.

4. A victim has the right to assistance throughout the judicial process, including the right to have an advisor present at all proceedings. The advisor, however, is not permitted to address the judicial body or participate in the proceeding.
5. A victim has the right to all due process protections provided to accused students, including the right to written notification of a hearing, the right to hear all information presented, the right to present information and witnesses, the right to verbal disclosure of the results of a hearing (for victims of crimes of violence or non-forcible sexual offenses), and the right to appeal imposed sanctions.
6. A victim has the right to testify from another location as long as it does not infringe upon the rights of the accused student to have a fair hearing.
7. A victim has the right to have any unrelated past behavior excluded from the hearing process. The judicial body shall determine what constitutes unrelated behavior.
8. A victim has the right to submit a written impact statement to the judicial body, which will be considered only in sanctioning, should there be a finding of violation against the accused student.
9. A victim has the right to privacy throughout the judicial process in relation to campus and other media, and from all other uninvolved parties.
10. A victim has the right to expect to be free from intimidation and harassment throughout the judicial process.
11. A victim has the right to request that campus personnel take the necessary steps reasonably available to prevent unwanted contact or proximity with the alleged assailant(s). This could include modification of living arrangements and/or class schedules.

5.7.2.6 Judicial Body Proceedings

The purpose of campus disciplinary hearings is to provide an opportunity for any student or group of students charged with violating College regulations to be heard concerning the charges. Formal rules of evidence will not be applied.

When a case is referred to a judicial body the following steps will be taken:

1. Within seven business days of receiving referral from the Vice President for Student Affairs, the student will be given a written notice of the charges against him/her, date, time and place of hearing. In hearings involving more than one accused student, the judicial body, in his/her/their discretion, may permit the hearings concerning each student to be conducted separately.
2. The student may request an extension of time from the judicial body to prepare for the proceeding. Requests for an extension will not be granted for a period to exceed two working days except in unusual circumstances where the student can demonstrate the necessity for a longer delay. All requests for extension of time shall be made in writing at least 24 hours prior to the scheduled hearing, except in cases of documented serious illness or emergency.
3. Prior to and during the hearing, the student shall be afforded reasonable access to review the Case File. The "Case File" includes documents pertaining to the specific disciplinary matter

and is considered an educational record pursuant to FERPA. The personal notes of College faculty and staff and privileged information of other students are not included in the Case File and thus are not accessible.

4. The hearing will proceed if a simple majority of members of the judicial body are present. At the opening of the hearing, the Chair of the judicial body will present the charges and relevant issues of the case.
5. The accused is not required to testify or even be present, but the judicial body will proceed and make its decision/ recommendation(s) based upon evidence and testimony. The opportunity for the accused to be heard is guaranteed, but failure to take advantage of the opportunity implies acceptance of the judgment of the hearing body.
6. The student has the right to be assisted by an advisor from the College community, (e.g., a student, faculty member or an administrative employee of his/her choice). The advisor, however, is not permitted to address the judicial body or participate in the proceeding. Moreover, lawyers will not be permitted to attend the hearing, address the judicial body, deliver statements, or question witnesses.
7. The accused has the right to present a defense and witnesses in his/her behalf, and the right to examine witnesses presented by the College or by his/her accusers. The accused student has the right to present witnesses on his/her behalf and to raise questions.
8. In addition, the complainant and the judicial body shall have the privilege of presenting witnesses, subject to the right of questioning by the judicial body. It is the responsibility of all parties to notify witnesses of the time, date, and location of the hearing.
9. Students planning to have witnesses at the hearing are required to submit a list of these individuals to the Office of the Vice President for Student Affairs 24 hours in advance of the hearing. These individuals will not be permitted entry into the hearing room if the list is not submitted 24 hours in advance. Individuals other than those on the submitted list will not be permitted entry into the hearing room.
10. The judicial body shall have the power to regulate the course of the hearing, to limit the presentation of unduly repetitious or cumulative evidence, to provide for the taking of testimony by Affidavits, and to exclude from the hearing any person for indecorous or improper conduct committed in the presence of the hearing body.
 - a. If any person repeatedly disrupts a hearing (by shouting, repeatedly interrupting others, or verbally or physically threatening individuals involved in the hearing,) the Chair has the right to remove the disruptive individual from the hearing after he or she fails to heed a warning from the Chair. The hearing shall continue in the absence of any removed disruptive person.
11. Pertinent records, student disciplinary history, exhibits, and/or written statements may be accepted as evidence for consideration by the judicial body.
12. Upon conclusion of the hearing, the judicial body will commence deliberation in private and, by majority vote of the voting members present, render a decision and, if the student is found culpable, issue a sanction. The judicial body's determination shall be made on the basis of whether or not there is a preponderance of evidence which supports the finding of a violation, indicating that it is likely that the accused student violated the *Student Code of Conduct*.

13. Within five business days of receiving the judicial body's findings and recommendations, the Vice President for Student Affairs (or the Executive Vice President and Academic Dean in cases involving academic dishonesty) shall implement the body's decision. If the student(s) is found in violation, the Vice President for Student Affairs (or the Executive Vice President and Academic Dean in cases involving academic dishonesty) will inform the student in writing of the appropriate sanction(s). The decision of the judicial body is final subject to the appellate procedures below.
14. If the student is found in violation, all appropriate hearing materials will be placed in the student's file and be kept in accordance with the Records Retention Policy.

5.7.2.7 Sanctions

The following sanctions are meant to serve as a guide for the disciplinary actions that may be taken against a student found in violation of the *Student Code of Conduct*. Depending on the severity of the infraction and other factors, one or more of the following sanctions may be imposed. College officials are afforded the right to impose sanctions that do not appear below:

5.7.2.7.1 Active Avoidance Agreement

A student agrees to actively refrain from any and all contact with a particular student.

5.7.2.7.2 Campus Service

A student may be directed to complete a specified service task or number of service hours on Voorhees College campus grounds. A student may be charged \$10 an hour for every hour of uncompleted service if they leave the College prior to completion of the service or do not complete the campus service by the specified deadline. A student may be given additional hours, fines and/or reappear before a disciplinary body if the campus service is not completed by the assigned time.

5.7.2.7.3 Community Service

At the discretion of the adjudicating body, a student may be required to complete a specified service task or number of service hours for a Denmark or Bamberg community service agency as retribution for an infraction. A student may be given additional hours, fines, and/or reappear before a disciplinary body if the community service is not completed by the assigned time.

The Residence Hall Council, Judiciary Committee and or the Vice President for Student Affairs will determine the nature and length of the community service. This sanction may be imposed in conjunction with other sanctions.

5.7.2.7.4 Counseling Referral

In certain instances, a student may be referred to counseling services available through Voorhees College. The purpose is to provide a supportive relationship as a balance to the challenge of discipline. Such a referral will be made when a student who is involved in a disciplinary case manifests behaviors and/or attitudes, which inhibit his/her ability to function effectively as a member of the College community.

5.7.2.7.5 *Disciplinary/Social Probation*

Any student found responsible for a violation of the student code of conduct can be automatically placed on disciplinary probation. This action implies a middle status between good standing at the institution and suspension or dismissal. During the time the student is on disciplinary probation, the College may reevaluate its relationship to the student. Participation in extracurricular activities may be prohibited during the term of probation.

Active involvement or leadership in student organizations is strictly prohibited.

Disciplinary/social probation is for a specified period of time and deprives the student of the following nonacademic privileges:

1. Representing the College or his/her class;
2. Participating in extracurricular activities, involvement in events before or as a representative of the College community i.e. athletics, band, tour choir, dance team, cheerleading, pageants, drama, talent/step shows, campus organizations, clubs, or intramural programming;
3. Pledging or joining a sorority/fraternity or participating in any sorority/fraternity activities;
4. Holding office or leadership roles in any campus organization. While on probationary status of any type with the College, students may not apply for, or be elected or appointed to any leadership position with the College;
5. May be cause for forfeiting institutional awards or grants;
6. Residence hall privileges, e.g. open house. Depending on the nature and severity of the infraction, a student may also be restricted from visiting the opposite sex residence halls. Disciplinary probation may be imposed in conjunction with removal from College housing as well as other sanctions.

The College, through the Vice President for Student Affairs, may establish appropriate procedures to monitor a student's compliance with disciplinary probation. Disciplinary probation may be recommended by the Residential Hall Council or Judiciary Committee and imposed by the Vice President for Student Affairs. It is generally used for repeated minor infractions as well as serious infractions, which include, but are not limited to, violations of College regulations regarding verbal abuse, disorderly and indecent conduct, non-compliance with the directives of College Officials, intentional disruption of College activities, and/or alcoholic beverages, possession/consumption.

5.7.2.7.6 *Educational*

Students found responsible for violations of the student code of conduct may be required to write research papers, conduct interviews, respond to journal articles or fulfill other such educational responses. The purpose is to help the student learn and grow as a result of this process.

5.7.2.7.7 *Expulsion/Dismissal*

Expulsion terminates student status with the College permanently. This constitutes involuntary separation from the College with no recourse to return. Dismissal may be recommended by the Residential Hall Council, Judiciary Council or imposed by the Vice President for Student Affairs. Expulsion/dismissal is generally used for serious infractions, which include, but are not

limited to, violations of College regulations regarding distribution, sale or manufacture of drugs; physical altercation/abuse; theft; fraud; forgery; and violations of other criminal laws.

5.7.2.7.8 Growth Initiative

A policy that grants the student immunity from punitive discipline if he or she initiates a request for help and evidences a contrite heart. Such a request must precede any disciplinary confrontation resulting from inappropriate behavior or violations.

5.7.2.7.9 Interim Suspension

If College officials believe that the presence of a student may cause danger or harm to other students and/or the College community, this response may be used prior to a meeting, which will determine the long-term response to a student.

1. In certain circumstances, the Vice President for Student Affairs or his/her designee may impose a disciplinary suspension or other restrictions prior to the hearing before a judicial body.
2. In certain circumstances, the Director of Housing and Residential Life or his/her designee may impose a Residence Hall Suspension, Mandated Room Reassignment, or other restrictions prior to the hearing before a judicial body.
3. In all cases, Interim Suspensions will be imposed only:
 - a. To ensure the safety and well-being of members of the College community, or preservation of College property; or
 - b. To ensure the student's own physical or emotional safety and well-being; or,
 - c. If the student poses a definite threat of disruption of or interference with normal operations of the College.
4. The Vice President for Student Affairs may summarily suspend a student from the College for an interim period pending disciplinary or criminal proceedings, or medical evaluation. The interim suspension shall become effective immediately without prior notice whenever there is evidence that the continued presence of the student at the College poses a substantial and immediate threat to himself, herself, or others.
5. During the period of such a suspension, the student shall not, without prior written permission from the Vice President for Student Affairs or his/her designee, enter or remain on the campus of Voorhees College other than to attend the scheduled hearing. Violations of any conditions of the interim suspension shall be grounds for dismissal from the College.
6. A student suspended on an interim basis shall be given a prompt opportunity to appear personally before the Vice President for Student Affairs. The interim sanction may remain in effect until a final decision has been reached, including any appropriate appeals process, at the discretion of the Vice President for Student Affairs or his/her designee.

5.7.2.7.10 Letter of Reprimand/Warning/Censure

In instances of less serious deviations from the norms of good conduct, the student may be censured or warned of the possible consequences of continuing such behavior. No official action

is taken unless or until similar misconduct or other unacceptable conduct occurs subsequently. Students who have been reprimanded or warned must conduct themselves in an exemplary manner or appear before the appropriate disciplinary body. The letter of reprimand/warning is placed in the student's permanent disciplinary file.

5.7.2.7.11 Medical/Psychological Leave of Absence

Continued enrollment and/or re-admission may be withheld for medical and/or psychological reasons. This policy applies to a student with an emotional, psychiatric, or physical disorder who engages in behavior that is potentially harmful to himself/herself and others, or otherwise renders him/her unable to follow the Student Code of Conduct. (See guidelines as established under the Psychiatric Withdrawal Policy and the Students With Disabilities Policy.)

5.7.2.7.12 Residence Hall Probation

This status means that a student is no longer in good standing with his/her housing unit, and certain restrictions are placed on him/her until such time he/she demonstrates that his/her conduct is again worthy of placing him/her in good standing. This status first and foremost serves as a reminder to the student that his/her infraction has become a part of his/her record and the repetition of similar or other unacceptable conduct may be cause for discontinuing residing in College housing, or involuntary separation from the College.

Residence hall probation is for a specific period of time and includes, but is not limited to, restricting the student from holding office or involvement in social activities in the residence hall, participating in any club or organizational activities or functions, attending social affairs of any type, or visiting the opposite sex residence halls. The College through the Residence Coordinators, the Director of Housing and Residential Life, Residence Hall Council, Judiciary Council or Vice President for Student Affairs may establish appropriate procedures to monitor a student's compliance with residence hall probation.

The Director of Housing and Residence Life, Residence Hall Council, Judiciary Council and/or the Vice President for Student Affairs may impose residence hall probation. It is generally used for minor/residence hall infractions and violations of Residence Hall Contract and handbook rules, and regulations and it may be imposed in conjunction with other sanctions.

5.7.2.7.13 Residence Hall Suspension

Suspension from the residence hall for a specific period of time. This action normally takes place in cases of severe or repeated misconduct. The primary effect would be to deprive the individual of College housing. This sanction may be recommended by the Director of Housing and Residence Life, Residence Hall Council, Judiciary Council and/or the Vice President for Student Affairs, in conjunction with other sanctions.

If this sanction is imposed, a student will have twenty-four (24) hours to vacate the residence hall (unless a special exception is made by the Vice President for Student Affairs). If the student has not vacated the premises by the designated time, College-appointed personnel will remove the student's personal effects from his/her room, and the College assumes no legal or financial liability for the safety or security of such effects.

A student who has been suspended from the residence hall is found on the premises during the period of residence hall suspension will be subject to arrest for criminal trespassing.

5.7.2.7.14 Restitution

Restitution may be required in a written directive to (1) replace, repair, or make specific compensation for property belonging to the College or a member of the College community which was damaged, destroyed, or misused, or (2) reimburse an individual for expenses or losses incurred as a result of the actions of the accused during the commission of a violation (labor and materials are included). Fines and financial restitution may also be imposed for violations of residence hall policies and regulations, as well as in conjunction with disciplinary probation, residence hall probation, removal from College housing, and other sanctions. Fines may be imposed by the Director of Housing and Residence Life, Residence Hall Council, Judiciary Council and/or imposed by the Vice President for Student Affairs. The amount of the fine/restitution will depend upon the severity and circumstances of the violation.

5.7.2.7.15 Stop Order

A stop order is placed on a student who has unfinished business with a College official or department such as campus/community hours, fines, a balance on his/her account; unreturned College equipment, uniform, books, etc. A stop order prohibits a student from any or all of the following, as applicable: obtaining a certified transcript, conference of degree, receiving funds, transferring to the College, and/or registering for classes. The stop order is lifted when the student attends to the matter(s), which necessitated the stop order.

5.7.2.7.16 Suspension

Suspension constitutes involuntary separation from the College community for a specified period of time or until a stated condition is met. During the suspension period, a student must receive permission from the Vice President for Student Affairs to visit the campus. Please see Suspension/Expulsion Procedures below.

The Student Court, the Judiciary Committee may recommend suspension, to the Vice President for Student Affairs. Readmission to the College may be subject to review by the Vice President for Student Affairs.

Suspension is generally used for serious infractions, which include, but are not limited to, violations of College regulations regarding physical altercation/abuse, use or possession of drugs, disorderly and indecent conduct, non-compliance with the directives of College officials, intentional disruption of College activities, dishonesty, theft, forgery, fraud, possession or consumption of alcoholic beverages; sexual assault, rape, robbery, and violation of other criminal laws.

5.7.2.7.16.1 Suspension/Expulsion Procedures

A student who has been suspended or expelled, either verbally or in writing, must leave the campus within 24 hours after the relationship with the College has been severed. If a student does not leave the campus within the allotted 24 hours, or does not obtain written permission from the Vice President for Student Affairs to remain on campus, he/she will be subject to

further disciplinary action. If the violation is severe and it is determined that the student's presence on campus poses a continuing danger or threat to persons, property and/or the academic process, the College reserves right to ask the student to leave immediately. A student who returns to the campus/campus related and or College sponsored activities while under nonacademic suspension or expulsion without permission will be subject to prosecution to the fullest extent of the law. Student grades and refunds will be handled in accordance with College policy.

5.7.2.8 Appeals Process

When a student believes that there are appropriate grounds for an appeal (see paragraph 5.7.2.8.1 below), the student can set out in written detail the claims to the Vice President for Student Affairs in accord with the timetable set forth below.

The purpose of the appeal procedure is not to provide for a new hearing at a higher level. Based on the written arguments, a hearing may or may not be granted. If an appeal is denied, the student shall be provided written notification including a restatement of the sanction imposed and such other information as shall be necessary to inform the student of his/her status.

Failure to appeal within this time period waives the student's right to appeal.

No person or persons shall have the right to appeal a lawful sentence after he/she admits an act of wrongdoing or violation of the *Student Code of Conduct*.

5.7.2.8.1 Grounds for Appeal

The Vice President for Student Affairs shall be responsible for insuring that students charged with violations which constitute an offense have been accorded both substantive rights and procedural due process with the College's established campus standards. Any one or more of the following may constitute reasonable grounds for an appeal to be heard:

1. Irregularity in the investigation;
2. The punishment, penalty, or discipline was excessive or inconsistent with the nature of the offense; or
3. New and pertinent evidence issue or facts that were unavailable at the time of the action.

5.7.2.8.2 Appeal Procedure

The student must file a written request for an appeal to the Vice President for Student Affairs within three (3) working days after written notice of the decision is given to the student or sent to his/her last known address. An appeal will not be held after the time limit has passed. The request must contain the student's name, the date of the sanction or action and a clear statement of the basis for the appeal.

The Vice President for Student Affairs shall forward written notification to the student by campus or U.S. Postal Services mail providing the date, time, and place for the appeal. A hearing by the Appeals Committee and final disposition of all appeals shall be accomplished within five (5) days following receipt of notice of appeal.

While an appeal is pending sanctions imposed by the judicial body shall be in full effect. In cases of sanctions resulting in suspension or expulsion the student shall physically leave the College-owned property within twenty-four hours after receipt of written findings and recommended penalty imposed by the judicial body. The student may return to the College for the express purpose of attending the appeals hearing or for completing total separation requirements.

5.7.2.8.3 Appeal Decision

The Appeals Committee's decision may be one of the following:

1. Sustain the action of the judicial body and deny the appeal.
2. Remand the case back to the judicial body for further consideration on new evidence not available to the hearing body at the time of its action.
3. Reverse or amend the action/disciplinary decision.
4. Exonerate students from charges and overturn the disciplinary decision.
5. The Chairperson of the Appeals Committee shall have the responsibility for rendering a final decision and will forward the decision to the student and the Vice President for Student Affairs.
6. If the student wishes to appeal the decision of the Appeals Committee, then the case will be remanded back to the Vice President for Student Affairs, who will have the responsibility for rendering a final decision and will forward the decision to the student.

5.7.3 Disciplinary Files and Records

The Office of the Vice President for Student Affairs shall maintain disciplinary records and a disciplinary tracking system, which shall include, but not be limited to, the accused student's name and related information, description of the incident, persons involved, *Student Code of Conduct* violations, sanctions, and other data deemed relevant by the Office in consultation with the Office of College Safety and Security. Such information shall be maintained in accordance with the provisions of the Family Educational Rights and Privacy Act. Disciplinary records shall be made available to judicial bodies and College officials designated in the *Student Code of Conduct* as necessary.

Students may arrange to review their own disciplinary records by contacting the Office of the Vice President for Student Affairs. Except as provided in the *Student Code of Conduct* or pursuant to a lawfully issued subpoena, the College shall not communicate a student's disciplinary record and related information to any person or agency without the prior written consent of the student.

Upon graduation, the student's confidential record may be expunged of disciplinary actions, other than Disciplinary Suspension or Dismissal, upon application to the Vice President for Student Affairs. Otherwise, the confidential record will be retained for a period of one year after the student's date of graduation. Case records involving Disciplinary Suspension or Dismissal will be retained permanently.

5.7.4 Notification to Parents of Disciplinary Action

The Office of the Vice President for Student Affairs shall notify the parents of dependent students who are formally charged with a violation of the Voorhees College *Student Code of Conduct*. A copy of the letter containing the official charge and directive to the student to attend a scheduled administrative hearing will be sent to parents of dependent students. The College will verify the student's dependent status prior to notifying the parent unless the violation involves a breach of the College's alcohol and drug policies. For more information on dependency status and emancipation, contact the Financial Aid Office.

Parental notification will consist of a copy of the letter informing the student of the charge and directing the student to attend a scheduled administrative hearing. Parental notification also includes a copy of the letter informing the student of the disciplinary sanction placed upon him/her if found responsible for a violation of the *Student Code of Conduct*.

5.8.2 Student Organizations

5.8.2.1 Greek Chapters

Voorhees College has traditionally hosted chapters of eight national Greek-letter organizations on the campus. Since their founding after the turn of the 20th century, African-American fraternities and sororities have made significant contributions to the human development process. Existing often in hostile educational and social environments at their home campuses, Black Greek-lettered organizations have extended for their members and for the broader community a constructive tradition. This tradition has included academic support, bonding in extended families, community service and the promotion of ideals and values that have aided personal and group development. At Voorhees College, this proud tradition has also included involvement at all levels with activities and programs of service to the College and the student body in general. The Greek-letter organizations include: Alpha Phi Alpha, Omega Psi Phi, Phi Beta Sigma, Kappa Alpha Psi, Alpha Kappa Alpha, Delta Sigma Theta, Zeta Phi Beta, and Sigma Gamma Rho.

5.8.2.1.1 Pan-Hellenic Council

The campus Pan-Hellenic Council is the governing body for Greek letter organizations and it is a financial member of the National Pan-Hellenic Council, Inc. This Council provides within its constitution rules and regulations that all of its membership organizations are expected to follow.

The mission of the Pan-Hellenic Council is to encourage unity of thought and action as far as possible in the conduct of Greek letter collegiate fraternities and sororities, and to consider problems of mutual interest to its member organizations. This purpose encourages and fosters team building and group cohesion while striving for academic excellence. Each organization represented contributes to the quality of student life by providing a mechanism for students to develop leadership skills through involvement in a variety of programs and activities.

The Pan-Hellenic Council is composed of the president, secretary, and advisor of each fraternity and sorority. An advisor shall be elected by the Pan-Hellenic Council.

5.8.2.1.2 *Fraternities and Sororities*

Voorhees College has chapters of eight (8) National Pan-Hellenic Council sororities and fraternities:

Alpha Kappa Alpha Sorority, Inc.
Alpha Phi Alpha Fraternity, Inc.
Delta Sigma Theta Sorority, Inc.
Kappa Alpha Psi Fraternity, Inc.
Omega Psi Phi Fraternity, Inc.
Phi Beta Sigma Fraternity, Inc.
Sigma Gamma Rho Sorority, Inc.
Zeta Phi Beta Sorority, Inc.,

5.8.2.1.2.1 Alpha Kappa Alpha Sorority, Inc.

Alpha Kappa Alpha is a sisterhood composed of women who have consciously chosen this affiliation as a means of self-fulfillment through volunteer service. Alpha Kappa Alpha cultivates and encourages high scholastic and ethical standards; promotes unity and friendship among college women; alleviates problems concerning girls and women; maintains a progressive interest in college life; and serves all mankind through a nucleus of more than 170,000 women in the United States, the Caribbean, Europe, and Africa.

Candidacy for membership into Alpha Kappa Alpha Sorority is open to women of high ethical and scholastic standards who are pursuing or have completed courses leading to a degree in an accredited college or university. The official headquarters is in Chicago, Illinois.

5.8.2.1.2.2 Alpha Phi Alpha Fraternity, Inc.

The founders of Alpha Phi Alpha Fraternity, Inc. were no ordinary achievers. Given racial attitudes in 1906, their accomplishments were monumental. As founder Henry Arthur Callis euphemistically stated - because the half-dozen African American student at Cornell University during the school year 1904-05 did not return to campus the following year, the incoming students in 1905-06, in founding Alpha Phi Alpha, were determined to bind themselves together to ensure that each would survive in the racially hostile environment. In coming together with this simple act, they preceded by decades the emergence of such on-campus programs as affirmative action, upward bound and remedial assistance. The students set outstanding examples of scholarship, leadership and success - preceding the efforts even of the NAACP and similar civil rights organizations.

5.8.2.1.2.3 Delta Sigma Theta Sorority, Inc.

Delta Sigma Theta Sorority was founded on January 13, 1913 by twenty-two collegiate women at Howard University. These students wanted to use their collective strength to promote academic excellence and to provide assistance to persons in need. The first public act performed by the Delta Founders involved their participation in the Women's Suffrage March in Washington D.C., March 1913. Delta Sigma Theta was incorporated in 1930.

The major programs of the Sorority are based upon the organization's Five-Point Programmatic Thrust: Economic Development, Educational Development, International Awareness and Involvement, Physical and Mental Health, Political Awareness and Involvement.

5.8.2.1.2.4 Kappa Alpha Psi Fraternity, Inc.

Kappa Alpha Psi, a college Fraternity, now comprised of functioning Undergraduate and Alumni Chapters on major campuses and in cities throughout the country, is the crystallization of a dream. It is the beautiful realization of a vision shared commonly by the ten founders. It was the vision of these astute men that enabled them on the night of January 5, 1911, on the campus of Indiana University at Bloomington, Indiana, to sow the seed of a fraternal tree whose fruit is available to, and now enjoyed by, college men everywhere, regardless of their color, religion or national origin. It is a fact of which Kappa Alpha Psi is justly proud that the Constitution has never contained any clause which either excluded or suggested the exclusion of a man from membership merely because of his color, creed, or national origin. The Constitution of Kappa Alpha Psi is predicated upon, and dedicated to, the principles of achievement through a truly democratic Fraternity.

5.8.2.1.2.5 Omega Psi Phi Fraternity, Inc.

On Friday evening, November 17, 1911, three Howard University undergraduate students, with the assistance of their faculty adviser, gave birth to the Omega Psi Phi Fraternity. From the initials of the Greek phrase meaning “friendship is essential to the soul,” the name Omega Psi Phi was derived. The phrase was selected as the motto. Manhood, scholarship, perseverance and uplift were adopted as cardinal principles.

Omega Psi Phi Fraternity, Inc. continues to flourish, largely because founders Love, Cooper, Coleman and Just were men of the very highest ideals and intellect. The Founders selected and attracted men of similar ideals and characteristics. It is not by accident that many of America’s great black men are/were Omega Men. To this date, there are very few Americans whose lives have not been touched by a member of the Omega Psi Phi Fraternity. *Omega has a rich heritage to be protected, celebrated and enhanced!*

5.8.2.1.2.6 Phi Beta Sigma Fraternity, Inc.

Phi Beta Sigma Fraternity, Inc. was founded at Howard University in Washington, D.C., January 9, 1914, by three young African-American male students. The founders wanted to organize a Greek letter fraternity that would truly exemplify the ideals of brotherhood, scholarship, and service. The founders deeply wished to create an organization that viewed itself as “a part of” the general community rather than “apart from” the general community. They believed that each potential member should be judged by his own merits rather than his family background or affluence...without regard of race, nationality, skin tone or texture of hair. They wished and wanted their fraternity to exist as part of even a greater brotherhood which would be devoted to the “inclusive we” rather than the “exclusive we”. From its inception, the Founders also conceived Phi Beta Sigma as a mechanism to deliver services to the general community. Rather than gaining skills to be utilized exclusively for themselves and their immediate families, the founders of Phi Beta Sigma held a deep conviction that they should return their newly acquired

skills to the communities from which they had come. This deep conviction was mirrored in the Fraternity's motto, "Culture For Service and Service For Humanity".

5.8.2.1.2.7 Sigma Gamma Rho Sorority, Inc.

Sigma Gamma Rho Sorority, Inc. was organized on November 12, 1922 in Indianapolis, Indiana. These founding members are the "Seven Pearls" of Sigma Gamma Rho. The group became an incorporated national collegiate sorority on December 30, 1929, when a charter was granted to the Alpha chapter at Butler University.

"Greater Service, Greater Progress" was to become the slogan and call of the organization that made November 12, 1922, a significant date in the history of the Black Greek system, for this date would mark the establishment of the first sorority of Black women on a predominantly white campus, Butler University in Indianapolis, Indiana.

5.8.2.1.2.8 Zeta Phi Beta Sorority, Inc.

Zeta Phi Beta Sorority was founded on the simple belief that sorority elitism and socializing should not overshadow the real mission for progressive organizations- to address societal mores, ills, prejudices, poverty, and health concerns of the day. Founded January 16, 1920, Zeta began as an idea conceived by five coeds at Howard University in Washington D.C. These five women, also known as the Five Pearls, dared to depart from the traditional coalitions for black women and sought to establish a new organization predicated on the precepts of Scholarship, Service, Sisterly Love and Finer Womanhood. It was the ideal of the founders that the Sorority would reach college women in all parts of the country who were sorority minded and desired to follow the founding principles of the organization. Since its inception, the Sorority has chronicled a number of firsts. Zeta Phi Beta was the first Greek-letter organization to charter a chapter in Africa (1948); to form adult and youth auxiliary groups; to centralize its operations in a national headquarters; and to be constitutionally bound to a fraternity, Phi Beta Sigma Fraternity, Incorporated.

5.8.2.1.3 *Guidelines for Greek-Letter Organizations*

The following guidelines govern Greek-letter organizations at Voorhees College:

1. Fraternities and sororities must function in accordance with College Policies and the College's Statement of Relationship Between Greek-Letter Organizations and the College. Each fraternity and sorority shall be represented and governed by the Pan Hellenic Council, and shall have a faculty or staff advisor chosen by the local graduate chapter and or appointed by the College.
2. No student shall be allowed to join any organization or participate in any activities without final approval of the Vice President for Student Affairs. Chapter Presidents must submit the names of the Aspirants on the appropriate college forms for approval, at least two full weeks prior to initiating the Intake process.
3. Any student invited to join a Greek-letter organization must have satisfied his/her financial obligation with the College and other regulations with regard to scholarship and conduct.

4. Students have a right to full disclosure of the direct and indirect cost of intake activities after having been accepted as a candidate into the Intake process. Each fraternity/sorority is obligated to provide it upon request.
5. Greek organizations must maintain a grade point average of 2.5 to remain active. The average is computed from the sum of hours pursued and grade points earned by all active members of the organization the previous semester. Failure to maintain this requirement will result in the organization being placed on inactive status until such time as it does achieve the minimum average.

Membership intake is defined as that period in which prospective members become oriented to the policies of the organizations. 5.8.2.1.8 Hazing

The prevention of hazing in Intake Programs is a priority. The hazing policy is long standing, clear and firm... "Hazing is strictly prohibited." The policy, mandated by a series of general conventions enforced by every general or national president of organizations and throughout college campuses, should be understood by everyone.

The word '**Hazing**' is "any action taken or situation created, however communicated, involving or resulting in abusive physical contact or mental harassment to the prospective member, whether on or off the campus or place where chapters or candidate clubs meet, designed to or the result of which is to produce excessive mental or physical discomfort, embarrassment or

harassment. Such activities and situations include, but are not limited to, paddling in any form; creation of excessive fatigue; physical and psychological shocks; morally degrading or humiliating activities; late work sessions which interfere with scholastic activities; and any other activities which are not consistent with either fraternal or sororal law, or the regulations and policies of any educational institution or state or federal law and is expressly forbidden. Members of chapters who cause infractions are subject to disciplinary action.”

A person commits a hazing offense if the person engages in hazing; solicits, encourages, directs, aids or attempts to aid another engaging in hazing; or intentionally, knowingly, or recklessly permits hazing to occur.

Additionally, hazing shall include any mental or physical requirement or obligation placed upon a person by a member of an organization, individual, or group of individuals, which would cause discomfort, pain, or injury including, but not limited to, striking, laying open hand upon, treating with violence, intimidation, or offering to do bodily harm to a person with intent to punish or injure the individual, or other treatment of a tyrannical, abusive, shameful, insulting or humiliating nature. Further, hazing is any action taken or situation created, whether on or off College premises, to produce mental or physical discomfort, embarrassment, harassment, ridicule or intimidation. Hazing is also considered to be the creation of a situation which results in, or might result in, mental or physical discomfort, embarrassment, harassment, ridicule or intimidation, including involuntary servitude often called “personal favors,” paddling in any form, creation of excessive fatigue, late work sessions which interfere with scholastic activities, any traditional form/expression of Fraternity/Sorority exhibitionism, and other activities which are not consistent with fraternal law, ritual, policy or regulations of Voorhees College. Both individuals and organizations may be held accountable for such activity, which could include expulsion.

Additionally, the following activities are considered hazing and are not permitted:

1. Public demonstrations such as, bowing before big brothers or sisters, breaking eggs and any other “humiliating” activities.
2. Any meetings or activities that require candidates before 8:00 a.m. and past 11:00 p.m.
3. Providing personal services such as, but not limited to awakening big brothers or sisters.
4. Any activities associated with intake during scheduled class hours.

Cognizance and understanding of the above definition, as well as the use of common sense should be sufficient to guide chapters in carrying out the Membership Intake Process activities without hazing violations. Chapter officers should be willing and able to uphold the rules and regulations of their respective organizations. No chapter or member is “above the laws” instituted for the governance and welfare of the entire fraternity or sorority...and hazing violations must be promptly reported. Not to do so will place the chapter and/or most importantly, all participants in the Membership Intake Process in jeopardy. Therefore, knowledge and failure of chapter, members, applicants or candidates for membership to report immediately in writing any hazing violation by members, applicants or candidates may also result in disciplinary action being taken against individuals and organizations.

All members and potential members are urged to remember that a Fraternity is a “Brotherhood” and a Sorority is a “Sisterhood;” that prospective members are being prepared to enter this midst as “Brothers and Sisters.” Hazing has no place in this important process.

Detailed information about hazing is available at www.voorhees.edu, from each fraternity and sorority, and through the campus Pan-Hellenic Council.

All members and individuals seeking membership in Greek-letter organizations must sign a form refusing to engage in or allow himself/herself to be subject to hazing. The form is obtained in the Office of the Vice President for Student Affairs. Chapter Presidents, Intake Educators and Alumnus/Alumnae Advisors must sign the form indicating that they have read and understand the Hazing Policy and Intake/Initiation Practices, and that their signatures attest that their organization follows and adheres to the Policy and all local, state and federal laws.

The Division of Student Affairs enforces this policy and will not condone hazing of any student at the College.

5.8.2.1.9 Sanctions for Intake Violations

The range of disciplinary actions which may be invoked as a consequence of infractions of College Policies or Regulations regarding Intake activities extends from warnings or censures to suspension or dismissal of the individual(s) involved and/or the revocation of the fraternity's or sorority's charter. Each case is handled individually, and the action taken depends entirely upon the severity of the infraction the degree to which the individual or organization has participated or been in connection with the infraction, as well as a consideration of all other facets of the specific situation. Sanctions which may be invoked include, but are not limited to, the following:

1. Chapter Sanctions:
 - a. Revocation of Charter: This constitutes a permanent, complete, and irrevocable dissolution of all rights and privileges accorded to the fraternity or sorority chapter in question. Revocation is generally used in cases of gross misconduct on the part of a fraternity/sorority or its members with regard to Intake violations or hazing.
 - b. Suspension of Charter: This constitutes a complete dissolution of all rights and privileges, previously accorded to the fraternity/sorority in question, for a specified period of time. During the period of suspensions, the fraternity/sorority in question will not be allowed to conduct activities of any type. Furthermore, an organization facing such action will not be allowed to represent itself in any manner on or off campus. The authority to suspend/revoke a chapter rests with the Vice President for Student Affairs.

6. Posters must be placed in accordance with the College's Posting Policy.
7. It shall be the responsibility of the organization to monitor, clean up, and remove all materials when the activity is concluded.
8. An appropriate sign must be posted at the event indicating the conducting organization's name, as well as a listing the goods, services and associated prices being sold.
9. Commercial or corporate sponsorship of programs or events is permissible provided that the sponsor's products and/or services are not sold at the event and advance approval from the Coordinator of Student Activities is obtained.
10. Voorhees College reserves the right to require third parties participating in or conducting fundraising activities to meet additional requirements, including evidence of insurance coverage acceptable to the College and/or the execution of an indemnification agreement.
11. Voorhees College reserves the right to approve the identity of any proposed sponsor and the content of sponsorship materials associated with a fundraising activity or event.

Voorhees College acknowledges that a policy of this nature may not anticipate every possible issue that may arise with respect to fundraising activities. As a result, the College reserves the right to impose reasonable restrictions and/or requirements with respect to the time, place, and manner of fundraising activities.

5.8.2.3.6 *Violations and Sanctions*

Failure to obtain permission to engage in or sponsor sales or fundraising, or failure to adhere to College guidelines regarding activities for which permission has been granted, will result in the curtailment and/or cancellation of the event by the Student Activities Office. In addition, violations will be referred to the Vice President for Student Affairs for appropriate disciplinary action pursuant to the College's Discipline System. Sanctions for violation of this policy by students and/or recognized student organizations include, but are not limited to, fines and/or restitution, loss of the right to use College property or facilities for activities, loss of the organization's charter, other disciplinary sanctions appropriate to the circumstances.

5.9 Athletic Policies

5.9.1 *Intramural Athletics*

The intramurals program at Voorhees College is designed to offer each individual (not participating in intercollegiate athletics) the opportunity to participate in a variety of activities that will contribute to wholesome personality development, stimulate an interest in recreational athletic activities, and create a spirit of good sportsmanship through healthy and fun competition. The following intramural sports are offered: flag football, volleyball, tennis, soccer, basketball, and aquatics. Intramural dates and team registration information are available in the Office of Student Activities located in Wilkinson Hall.

5.9.2 Intercollegiate Athletics

Policies and procedures applicable to the College's intercollegiate athletic programs are available in the Vice President for Enrollment Management & Director of Athletics and Special Event's office.

5.10 Student Grievance Policies

5.10.1 Academic Grievances

A student who wishes to file a grievance of an academic nature shall follow the Non-Academic Student Grievance Policy outlined in Volume VI, Section 6.9.

5.10.2 Non-Academic Grievances

Voorhees College has adequate procedures to address all written and verbal student complaints. The College ensures integrity in all operations involving students. Students must use specific policies and procedures outlined in the College Catalog, Volumes II, V, and VI of the *Voorhees College Policy Manual*, and other policy manuals to address specific concerns where applicable.

In addition, this procedure may not be used to grieve:

1. Claims based on College purchases or contracts;
2. Claims against a Voorhees College employee on matters that are unrelated to the employee's job or role at the College;
3. Student disciplinary decisions, since there is a separate procedure for them; or
4. Where another Voorhees College policy and procedure could have been used for the matter being grieved (e.g., harassment or discrimination, academic grievances, FERPA grievances, etc.).

Procedures to Students to Follow When Filing a Written Complaint:

The procedures set forth below may be used by students who are enrolled as Voorhees College students, or who are participating in a College-sponsored event, at the time of the incident being grieved. The person filing the grievance must be the alleged victim of unfair treatment; a grievance cannot be filed on behalf of another person. The existence of this procedure does not bar students from also filing claims in other forums to the extent permitted by state or federal law.

The resolution process described below must be initiated within 60 business days of the decision, action, or events giving rise to the grievance. The Vice President for Student Affairs or the Executive Vice President and Academic Dean as applicable may extend this time limit if the grievant makes the request for extension within the 60-day period, for good cause shown.

1. The Vice President for Student Affairs and the Executive Vice President and Academic Dean are the points at which written student complaints may be filed for traditional and non-traditional students, respectively. The written student complaint must:
 - a. State how the decision or action is unfair and harmful to the student and list the Voorhees College policy or state or federal laws that have been violated, if applicable;

- b. Name the respondent parties (the person(s) against whom the grievance is filed);
 - c. State how the respondents are responsible for the action or decision; and
 - d. State the requested remedy.
2. The Vice President for Student Affairs or the Executive Vice President and Academic Dean receive the written and signed student complaint. If it is clear on the face of the written complaint that it has not been filed within the time limit, or pertains to a matter not grievable under this procedure, or is from a person without grievance rights as outlined above, the applicable Vice President shall so indicate in a letter to the student and the complaint shall be dismissed.
 3. If the complaint satisfies the above elements, it is referred to the head of the appropriate unit or to one of the planning committees or standing committees of the College for advisement and policy clarification.
 4. Consultation is made with the Accreditation Liaison Officer to review if the complaint is in non-compliance with the Criteria for Accreditation or Policies and Procedures of the Commission on Colleges. Other campus officials are contacted for clarification of College policies and/or procedures.
 5. After an interview with the student, a written response is provided to the student based on College policies and procedures. The student complaint and written response are forwarded to the President of the College.

A student may appeal the College's response, by writing, to the President of the College within ten (10) business days of receiving the response. The President will review the complaint, the response, and consult appropriate College personnel for additional information. The President will notify the student in writing of the final decision regarding the appeal and the complaint.
